Jayaratne. ”

CHAIRMAN'S MESSAGE

On behalf of the Board of Directors, it is my utmost pleasure to present to you the Annual Report and the Audited Financial Statements for the fiscal year ended on March 31, 2023.

After successfully overcoming the devastating impact of the COVID-19 pandemic, the nation had been optimistic about a gradual recovery. However, as the year 2022 unfolded and the 2022/23 financial year began, it became evident that Sri Lanka was about to face an unparalleled set of challenges on various fronts.

Despite the initial hopes for a steady rebound, the country now finds itself in a position where it must prepare to confront these unprecedented obstacles head-on. The road ahead appears daunting, demanding a resilient and strategic approach to navigate through the difficulties that lie ahead.

However, despite these challenges, I am delighted to announce that the Group has achieved a commendable 89% growth in revenue, amounting to Rs. 8.5 Bn. This remarkable progress can be attributed to the significant increase in revenues from our esteemed subsidiaries, Agarapatana Plantations Ltd and Waverly Power (Pvt) Ltd, during the reporting period.

A significant strategic move was that our subsidiary Agarapatana Plantation Ltd. acquired Waverly Power (Pvt) Ltd, during the financial year.

Our subsidiary Agarapatana Plantations Ltd have played a pivotal role in driving this impressive growth. Its exceptional performance has contributed significantly to the overall success of Lankem Developments PLC.

MACROECONOMIC LANDSCAPE

During the reviewed year, there was a widespread economic contraction observed globally, accompanied by a notable national economic crisis that garnered international attention. The rising cost of living emerged as a crucial factor amidst the tightening monetary conditions worldwide, further compounded by the high levels of public debt prevalent across nations.

Sri Lanka, still grappling with the economic implications of the pandemic, now faces its most significant economic crisis in decades. Similar to the pandemic, the country's economic and social instabilities have had a profound impact on Sri Lanka's business sectors and civic life.

Despite the uncertainties in the macroeconomic environment, Agarapatana Plantations Ltd achieved a remarkable turnover of Rs. 8.5 Bn, representing a 90% year-on-year growth, mainly due to the higher commodity prices in the international market coupled with increase in tea auction prices as a result of significant depreciation of SL Rupee against the USD. This impressive performance can partly be attributed to the prudent strategic measures implemented by the company to enhance tea production. One of the key initiatives that was continued from the year 2021 by Agarapatana Plantations Ltd was the introduction of mechanical harvesting processes, which effectively addressed the issue of worker shortages. By continuing this innovative approach, the company was able to overcome labor challenges and ensure a consistent supply of tea leaves for production.

Furthermore, the company demonstrated its commitment to financial discipline by implementing strict cost control measures. These measures were instrumental in streamlining operational expenses and optimizing resource allocation, ultimately contributing to the commendable revenue gain achieved during the period under review.

As a result of these strategic actions, Agarapatana Plantations Ltd reported a profit from operations of Rs. 2,387 Mn, a significant achievement considering the net profit of Rs. 60 Mn reported in the previous year. This positive financial outcome reflects the company's ability to navigate the challenging economic landscape and capitalize on opportunities for growth.

However, APL reported an after Tax profit of Rs. 1,783 Mn which is still an increase of 6,304 % year on year. The tax expenses increased by 1,785% to Rs.605 Mn, mainly due to the deferred Tax component of Rs. 587.7 Mn as a result of the increase in the corporate tax to 30%

Our subsidiary, Waverly Power (Pvt) Ltd, successfully operated the hydropower generating unit and achieved a remarkable revenue of Rs.52Mn during the financial year. This represents the significant 8% increase compared to the previous year. The impressive growth can be attributed to a corresponding 8% increase in power generation, reaching 3.6 million Kw hours. This outstanding performance was made possible by the favorable weather conditions experienced throughout the year.

For the financial year ended on March 31, 2023, the Group achieved a revenue of Rs. 8,570 Bn and a net profit after Tax of Rs.1.68 Mn. This increase in profit can be attributed primarily to the higher profit levels reported by Agarapatana Plantations Ltd. However, the Company still managed to record a net profit of Rs.767 Mn during the year under review, surpassing the net profit of Rs. 100 Mn recorded in the previous year, mainly due to the profit on disposal of the subsidiary and the corresponding reversal of the impairment provided in the last year.

LOOKING AHEAD

The vision of the Group, as channelled through Agarapatana Plantations Ltd (APL), is to establish itself as the leading producer of tea in the “High Grown” sector, while also being recognized as the foremost producer of high-quality tea. To achieve this, we will focus on increasing our production through the utilization of chemical inputs and expanding our mechanized harvesting operations.

Furthermore, we are committed to implementing gravity-fed irrigation systems in fields that are prone to dry weather conditions, both in the Agras and Uva Regions. Additionally, we will explore the possibility of utilizing solar-operated water pumps for irrigation purposes. By embracing these innovative approaches, we aim to enhance our efficiency and sustainability.

In line with our commitment to environmental responsibility, we will leave no stone unturned in maximizing power generation from our own resources. Through our subsidiary, Waverly Power, we anticipate substantial savings for the Group. This not only aligns with our goal of reducing costs but also demonstrates our dedication to utilizing renewable energy sources.

APL is committed to exploring opportunities for expanding automation across all operations in order to enhance productivity while reducing costs in the long term. We are actively pursuing the integration of modern agricultural technology, including the utilization of drone technology for tea harvesting. Our focus lies in enhancing leaf transport systems to achieve zero leaf bag usage, thereby minimizing handling and leaf damage, ultimately leading to cost reduction. Additionally, we are considering the modernization of our tea factories to transform them into cutting-edge processing centers, resulting in significant energy cost savings.

The world, including Sri Lanka, is currently experiencing an economic downturn leading to uncertain times ahead. Our group is anticipating various challenges in the coming year. Nevertheless, we hold an optimistic outlook that by implementing strategic initiatives and benefiting from increasing commodity prices, our group's performance will not only withstand but also thrive.

ACKNOWLEDGEMENT

It is with deep regret that we record the demise of our former Chairman Mr. Alagarajah Rajaratnam. He served on the Board since 1997 and as Chairman from 2002 to 2013. He resigned from the Board in June 2019. His significant contribution and advice and counsel are noted with gratitude and appreciation.

On behalf of the Board, I would like to express my heartfelt appreciation to our esteemed shareholders and all other stakeholders for their unwavering trust and confidence in our Company. Additionally, I am deeply grateful to the Board of Directors for their unwavering support, invaluable counsel, and insightful guidance.

S. D. R. Arudpragasam
Chairman
31st August 2023

EMPLOYMENT POLICY

The Group's/Company's recruitment and employment policy is non-discriminatory. The occupational health and safety standards receive substantial attention. Appraisals of individual employees are carried out in order to evaluate their performance and realize their potential. This process benefits the Group/Company and the employees.

SHAREHOLDERS

It is the Company's policy to endeavor to ensure equitable treatment to its shareholders.

STATUTORY PAYMENTS

The Directors, to the best of their knowledge and belief, are satisfied that all statutory payments of the Company due in relation to employees and the Government have been made promptly, up to date.

ENVIRONMENTAL PROTECTION

The Company's business activities can have direct and indirect effects on the environment. It is the Company's policy to minimize any adverse effect its activities have on the environment and to promote co-operation and compliance with the relevant authorities and regulations. The Directors confirm that the Company has not undertaken any activities which have caused or are likely to cause detriment to the environment.

INTERNAL CONTROL

The Directors acknowledge their responsibility for the Company's system of internal control. The system is designed to give assurance regarding the safeguarding of Assets, the maintenance of proper accounting records and the reliability of financial information generated. However, any system can ensure only reasonable and not absolute assurance that errors and irregularities are either prevented or detected within a reasonable period of time. The Board is satisfied with the effectiveness of the system of internal control for the period up to the date of signing the Financial Statements.

GOING CONCERN

The Directors, after making necessary inquiries and reviews including reviews of the Company's budget for the subsequent year, capital expenditure requirements, future prospects and risks, cash flows and borrowing facilities, have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Therefore, the going concern basis has been adopted in the preparation of the Financial Statements.

For and on behalf of the Board,

Mr. S.S. Poholiyadde
Director

M. Kowdu K. Mohideen
Director

By Order of the Board

Corporate Managers & Secretaries (Private) Limited
Secretaries
Colombo
31st March 2023

CORPORATE GOVERNANCE

CORPORATE GOVERNANCE

The Corporate Governance structure spells out the guidelines in making decisions relating to corporate affairs. It also provides the structure through which the objectives of the Company are set out, as well as the means of attaining and monitoring the performance of those objectives. Sound Corporate Governance is reliant on external market place, commitment and legislation, plus a healthy Board Culture which safeguards policies and processes.

BOARD

Composition of the Board

The Directors are from varied business and professional backgrounds. Their expertise enables them to exercise independent judgment and their views carry substantial weight in decision making.

As of the financial year ended 31st March 2023 the Board comprised of Ten Non- Executive Directors four of whom were Independent.

The Directors are named below:

Mr. S. D. R. Arudpragasam	- Chairman – Non-Executive
Mr. R. N. Bopearatchy	- Non-Executive
Mr. K. P. David	- Non-Executive
Mr. C. P. R. Perera	- Independent - Non-Executive
Mr. P.M.A. Sirimane	- Independent - Non-Executive
Mr. S.N.P. Palihena	- Independent - Non-Executive
Mr. Anushman Rajaratnam	- Non-Executive
Mr. A.M.de S. Jayaratne	- Independent - Non-Executive (Appointed w.e.f 08.12.2022)
Mr. S.S. Poholiyadde	- Non-Executive (Appointed w.e.f 15.12.2022)
Mr. M. Kowdu K. Mohideen	- Non-Executive (Appointed w.e.f 15.12.2022)

The Non-Executive Directors have submitted declarations of their Independence or Non-Independence for the year. The Board makes a determination annually as to the independence/ non-independence of each Non - Executive Director.

Mr. C. P. R. Perera currently functions as the Deputy Chairman of the Ultimate Parent Company The Colombo Fort Land and Building PLC (CFLB) and holds Directorships of several subsidiaries of the CFLB. He has served on the listed entity and on the Boards of certain subsidiaries of the CFLB for more than nine years and is a Director on the Boards of certain such companies of which a majority of the Directors serve on the Board of another. He also holds Directorships in some companies which have a significant shareholding in another within the CFLB Group of Companies. However, the Board having considered the fact that Mr. Perera is not directly involved in the management of the Company and having taken into consideration all other circumstances listed in the Rules pertaining to the criteria for Defining Independence is of the opinion that Mr. C. P. R. Perera is nevertheless independent.

Mr. P.M.A. Sirimane is a Director of the Ultimate Parent Company, The Colombo Fort Land and Building PLC (CFLB) and holds Directorships of several subsidiaries of the CFLB and he has served some of these subsidiaries for over a period of nine years. He is a Director on the Boards of certain such Companies of which a majority of the Directors serve on the Board of another. He also holds Directorships in some companies which have a significant shareholding in another within the CFLB Group of Companies. However, the Board having considered the fact that Mr. Sirimane is not directly involved in the management of the Company and having taken into consideration all other circumstances listed in the Rules pertaining to the criteria for Defining Independence is of the opinion that Mr. P.M.A. Sirimane is nevertheless independent.

Mr. S.N.P. Palihena is a Director of several subsidiaries of the Ultimate Parent Company, The Colombo Fort Land & Building PLC (CFLB) and has served for over a period of nine years on some of these subsidiaries. He serves on certain such subsidiary Companies of which a majority of the Directors serve on Boards of another and is a Director of some Companies which have significant shareholdings in another within the CFLB Group of Companies However, the Board having considered the fact that Mr. Palihena is not directly involved in the management of the Company and having taken into consideration all other circumstances listed in the Rules pertaining to the “Criteria for Defining Independence” is of the opinion that Mr. S. N. P. Palihena is nevertheless independent.

Mr. A.M. de S. Jayaratne is a Director of the Ultimate Parent Company, The Colombo Fort Land and Building PLC (CFLB) and serves on the Boards of several subsidiaries of CFLB. He has served on the Board of the Ultimate Parent and on several of its subsidiaries for over a period of nine years. He is a Director of certain such subsidiary companies of which a majority of the Directors serve on another and also has significant shareholdings in another within the CFLB Group. The Board however having considered the fact that Mr. A.M. de S. Jayaratne is not involved in the management of the Company and having taken into consideration all other circumstances listed in the Rules pertaining to the Criteria for Defining Independence is of the opinion that Mr. A.M. de S. Jayaratne is nevertheless Independent.

BOARD MEETINGS

The Board meets as and when required and matters are also referred to the Board and decided by resolutions in writing.

Management accounts and the progress reports are reviewed by the Board. Other matters of importance such as the Company's business policies and strategy formulation, are reviewed to assure growth and the successful implementation of such strategies. Further approvals relating to the annual budgets, capital expenditure, new investments and new ventures are granted after consideration.

CORPORATE GOVERNANCE

COMPANY SECRETARIES AND INDEPENDENT PROFESSIONAL ADVICE

The Directors may seek advice from Corporate Managers & Secretaries (Private) Limited who are qualified to act as Secretaries as per the provisions of the Companies Act No. 07 of 2007. Advice is also sought from independent external professionals whenever the Board deems it necessary.

INDEPENDENT JUDGEMENT

The Board is committed to exhibit high standards of integrity and independence of judgement. Each Director dedicates the time and effort necessary to carry out his responsibilities.

FINANCIAL ACUMEN

The Board includes six finance professionals who possess the necessary knowledge to offer the Board guidance on matters of finance.

MANAGEMENT MEETINGS

The Management Team meets frequently to review progress, discuss operational issues and other important developments that require consideration and follow up actions.

NOMINATION COMMITTEE AND APPOINTMENTS TO THE BOARD

New Directors are proposed for appointment by the Nomination Committee in consultation with the Chairman of the Company in keeping with the provisions of the Articles of Association of the Company in relation to same and in compliance with the Rules on Corporate Governance.

The details of the new appointments to the Board are made available to the shareholders by making announcements to the Colombo Stock Exchange.

The Nomination Committee as of the financial year ended 31st March 2023 comprised of Mr. A.M. de S. Jayaratne, Chairman, Mr. C.P.R. Perera, Independent Non Executive Directors, and Mr. S.D.R. Arudpragasam, Non Executive Director.

Mr. C.P.R. Perera, Independent Non Executive Director, functioned as Chairman of the Committee until 8th December 2022. Mr. A.M. de S. Jayaratne, Independent Non Executive Director, prior to his appointment to the Board of Directors of Lankem Developments PLC on 8th December 2022 served as a member of the Nomination Committee in the capacity of Independent Non Executive Director of The Colombo Fort Land & Building PLC, the Ultimate Parent Company and consequent to his appointment to the Board of the Company was appointed as the Chairman of the Nomination Committee. Mr. P.M.A. Sirimane, Independent Non Executive Director, ceased to be a member of the committee with effect from 8th December 2022.

RE-ELECTION OF DIRECTORS

In terms of the Articles of Association of the Company, a Director appointed to the Board holds office until the next Annual General Meeting and seeks re-election by the shareholders at that meeting. The Articles of Association requires one-third or a number nearest to one-third of the Directors (excluding Chairman, Chief Executive, Managing or Joint Managing Director) in office to retire at each Annual General Meeting. The Directors to retire are those who have been longest in office since their last election. Retiring Directors are eligible for re-election by the shareholders.

CONSTRUCTIVE USE OF ANNUAL GENERAL MEETING/GENERAL MEETINGS

The Board considers the Annual General Meeting/General Meetings an opportunity to communicate with shareholders and encourages their participation. Questions raised by the shareholders are answered and an appropriate dialogue is maintained with them.

FINANCIAL REPORTING

The Board of Directors considers the timely publication of its Annual and Quarterly Financial Statements as a high priority. These publications include Financial and Non-Financial information in order to facilitate the requirements of the existing and potential shareholders. The Financial Statements are prepared in accordance with the Sri Lanka Accounting Standards.

AUDIT COMMITTEE

The Audit Committee Report is set out on page 16.

REMUNERATION COMMITTEE

The Remuneration Committee as of the financial year ended 31st March 2023 comprised of Mr. A. M. de S. Jayaratne, Chairman, Mr. C. P. R. Perera, Independent Non Executive Directors, and Mr. S. D. R. Arudpragasam, Non Executive Director.

Mr. C.P.R. Perera, Independent Non Executive Director functioned as Chairman of the Committee until 8th December 2022. Mr. A. M. de S. Jayaratne, Independent Non Executive Director, prior to his appointment to the Board of Directors of Lankem Developments PLC on 8th December 2022 served as a Member of the Remuneration Committee in the capacity of Independent Non Executive Director of The Colombo Fort Land and Building PLC, the Ultimate Parent Company and consequent to his appointment to the Board of the Company was appointed as the Chairman of the Remuneration Committee. Mr. P.M.A. Sirimane, Independent Non Executive Director, ceased to be a Member of the Committee with effect from 8th December 2022.

The Remuneration Committee Report is set out on page 15.

RELATED PARTY TRANSACTIONS REVIEW COMMITTEE

The Related Party Transactions are disclosed in Note 32 to the financial statements.

The Report of the Related Party Transactions Review Committee appear on page 14.

RISK MANAGEMENT REVIEW

Risk management involves identifying potential risk exposures faced by the Company and implementing proper risk management techniques to mitigate such risks. A disciplined approach to risk is important in a diversified organisation such as Lankem Developments PLC in order to ensure that we are executing according to our strategic objectives. On this perspective we only accept risk for which we are adequately compensated.

Lankem Developments PLC has overall responsibility for risk oversight with a focus on the most significant risks facing the Company. We consider risk management as a vital component in our operations and build upon management's risk assessment and mitigation processes, which include standardised reviews of long-term strategic and operational planning, regulatory and litigation compliance, health and safety, environmental compliance, financial reporting and controls and information technology and security.

RISK FACTORS

1. FINANCIAL RISK

Financial risk covers a broad area of risk, which mainly incorporates credit risk and market risk stemming from business operations.

1.1 Credit Risk Management

Credit risks arise due to the non-payment by debtors, which can lead to working capital issues. Lankem Developments PLC implements proper credit controls and debt collection policies to ensure that the Company selects only reliable distributors who are able to honour their debts.

1.2 Market Risk Management

Market risk refers to the risk arising from the volatilities in market forces. Lankem Developments PLC faces market risks in the financial sphere in terms of the local rates of interest, inflation and exchange rates. Given the current business environment, the Company is in a position to manage its interest rate risk. The other market risk that the Company faces is the risk associated with raw material pricing.

1.2.1 Liquidity Risk

Due to the nature of the businesses that Lankem Developments PLC operates in, it needs to ensure that working capital cycles are properly maintained so as to ensure that operations are not compromised due to the lack of adequate working capital. Lankem Developments PLC implements appropriate cash flow management techniques.

1.2.2 Inflation Rate Risk

Upward movements in inflation will mainly reduce the purchasing power of individuals as well as institutional customers. This will deteriorate the potential demand for Company products and increase the Company's cost base. The Company closely monitors fluctuations in price levels and focuses on the efficient management of its cost base so as to ensure the minimal increase in price to customers.

1.2.3 Foreign Exchange Risk

The Company is exposed to currency risk mostly on purchases that are denominated in a currency other than Sri Lankan Rupees (LKR). The foreign currencies in which these transactions primarily denominated are United States Dollars (USD).

Since the frequency of the transaction done in foreign currency is very low, the Group is not exposed to a higher degree of currency risk.

2. BUSINESS RISK

New entrants into markets that Lankem Developments PLC is already present in as well as intensification of competition from existing players in existing markets are the significant business risk that the Company faces. Variation in consumer spending patterns is also a potential business risk. Further relating to the plantation operations, worldwide consumption patterns and demand for tea has diverted consumers to other alternatives due to negative effects of global economic slowdown, climate changes, decreasing exports, etc. This in turn reduced the average global consumption of tea. This has constituted a significant business risk to the Company in the past year.

3. OPERATIONAL RISK

Operational risk relates to the risk arising from execution of business operations. The Company has established sound internal control systems in all its operations and continuously reviews and monitors those procedures to ensure accountability and transparency in all its operations such as plantation, investments, and power generation. The Company is in the process of strengthening its controlling and monitoring processes to ensure that the achievement of high quality and cost effectiveness of the processes while carrying out periodic compliance checks to ensure smooth functioning in all operations and minimised operational losses.

4. LEGAL AND COMPLIANCE

Legal and compliance risk relates to changes in the Government and regulatory environment, compliance requirements with policies and procedures, including those relating to financial reporting, environmental health and safety and intellectual property risks. Lankem Developments PLC continuously monitors regulatory changes in the environment and promptly responds and adapts to new changes.

RELATED PARTY TRANSACTIONS REVIEW COMMITTEE REPORT

The Related Party Transactions Review Committee (RPTRC) which was formed in conformity with the Listing Rules of the Colombo Stock Exchange is entrusted with the responsibility of ensuring compliance with the rules and regulations governing Related Party Transactions for Listed Entities its main focus being enhancement of corporate transparency and fairness to all stakeholders.

COMPOSITION

The Company's Related Party Transactions Review Committee was reconstituted during the financial year ended 31st March 2023 and comprises of the following members:

Mr. A.M. de S. Jayaratne – Chairman-Independent/Non-Executive Director

Mr. P.M.A. Sirimane - Member Independent/Non-Executive Director

Mr. C.P.R. Perera - Member Independent/Non-Executive Director

Mr. K.P. David - Member Non-Executive Director (Ceased to be a member w.e.f. 08.12.2022)

Mr. P.M.A. Sirimane who functioned as Chairman of the Committee relinquished this position with effect from 8th December 2022. Mr. A. M. de S. Jayaratne was appointed Chairman of the Committee with effect from 8th December 2022.

MEETINGS OF THE COMMITTEE

The Related Party Transactions Review Committee had met on four occasions during the financial year ended 31st March 2023 and the attendance was as follows:

Mr. A.M. de S. Jayaratne - Chairman	- 1/1
Mr. P.M.A. Sirimane	- 4/4
Mr. C.P.R. Perera	- 4/4
Mr. K.P. David	- 3/3

Further during the said period, the RPTRC has reviewed and recommended Related Party Transactions by Resolutions in writing.

Other members of the Board and the Management were present at discussions where appropriate. The proceedings of the RPTRC are regularly reported to the Board of Directors.

POLICIES, PROCEDURES AND FUNCTIONS OF THE COMMITTEE

The policies and procedures adopted by the Related Party Transactions Review Committee when reviewing and recommending transactions are consistent with Section 09 of the Listing Rules of the Colombo Stock Exchange.

Functions

- Review all proposed Related Party Transactions (Except for exempted transactions).
- Determining whether the relevant Related Party Transaction is fair to, and in the best interests of the Company and its stakeholders.
- Obtain updates on previously reviewed Related Party Transactions from Senior Management and approve any material changes.
- Establish guidelines for Senior Management to follow in ongoing dealings with related parties.
- Direct the transactions for Board approval / Shareholder approval as deemed appropriate.
- Ensuring that immediate market disclosures and disclosures in the Annual Report as required by the applicable rules and regulations are made in a timely and detailed manner.

CONCLUSION

The Related Party Transactions Review Committee has reviewed the Related Party Transactions entered into during the financial year under review and has communicated its comments and observations to the Board of Directors.

The Board of Directors have also declared in the Annual Report that there were no recurrent related party transactions which exceeded the respective thresholds mentioned in Section 9 of the Colombo Stock Exchange Listing Rules However non recurrent transactions which have exceeded the respective threshold were duly disclosed to CSE and are set out in Note 32.4 on page 69 The Company has complied with the requirements of the Listing Rules on Related Party Transactions.

A.M. de S. Jayaratne

REMUNERATION COMMITTEE REPORT

The Remuneration Committee of Lankem Developments PLC was reconstituted during the Financial year ended 31st March 2023 and comprises of the following members:

Mr. A.M. de S. Jayaratne - Chairman - Independent Non-Executive Director

Mr. C. P. R. Perera - Member Independent Non-Executive Director

Mr. P. M. A. Sirimane - Member - Independent Non-Executive Director (Ceased to be a Member of the Committee with effect from 08.12.2022)

Mr. S.D.R. Arudpragasam - (Member - Non Executive Director)

Mr. C. P. R. Perera who functioned as Chairman of the Committee relinquished this position with effect from 08.12.2022.

Mr. A. M. de S Jayaratne was appointed Chairman of the Committee with effect from 08.12.2022 prior to which he functioned as a member of the Committee in the capacity of an Independent Non Executive Director of The Colombo Fort Land and Building PLC (Ultimate Parent Company).

The main function of the Remuneration Committee is to assist the Board in developing and administering an equitable and transparent method for setting policy on the overall human resources strategy of the Group, the remuneration of Directors and senior management of the Group, and for determining their remuneration packages, on the basis of their merit, qualifications, and competence, and having regard to the Company's operating results, individual performance, and comparable market statistics.

The key objective of the Committee is to attract, motivate and retain qualified and experienced personnel throughout the Group and to ensure that the remuneration of Executives at each level of management is competitive and are rewarded in a fair manner based on their performance.

A.M. De S. Jayaratne
Chairman
Remuneration Committee

31st August 2023

AUDIT COMMITTEE REPORT

The Audit Committee has the responsibility of assisting the Board in fulfilling its overall responsibility to the shareholders in relation to the integrity of the Company's financial reporting process in accordance with the Companies Act and other legislative reporting requirements including the adequacy of disclosures in the Financial Statements in accordance with the Sri Lanka Accounting Standards. The Audit Committee also has responsibility to ensure that the internal controls of the Company are in accordance with legal and regulatory requirements. The Committee evaluates the performance and the independence of the Company's external audit functions.

COMPOSITION

The Audit Committee, as of the financial year ended 31st March 2023, comprised of Independent Non-Executive Directors of Lankem Developments PLC (LDPLC). The names of the members are set out below:

Mr. A. M. de S. Jayaratne - Chairman
(Independent, Non-Executive Director)

Mr. C. P. R. Perera - A Member
(Independent, Non-Executive Director)

Mr. P.M.A. Sirimane - A Member
(Independent, Non-Executive Director)

The Committee has a blend of experience in the commercial sector with financial expertise and high standing of integrity and business acumen in order to carry out their role efficiently and effectively. The Chairman of the Committee is a Fellow member of the Institute of Chartered Accountants of Sri Lanka and of England & Wales.

The Company's Secretaries, Corporate Managers & Secretaries (Private) Limited function as the Secretaries to the Audit Committee.

MEETINGS AND ATTENDANCE

The Audit Committee had met on four occasions during the financial year ended 31st March 2023 and the attendance was as follows:

Mr. A. M. de S. Jayaratne – Chairman - 4/4

Mr. C. P. R. Perera - 4/4

Mr. P.M.A. Sirimane - 3/4

Further the matters which come under the purview of the Audit Committee are also reviewed and recommended by resolutions in writing.

Other members of the Board and the Management Committee were present at discussions where appropriate. The proceedings of the Audit Committee are regularly reported to the Board of Directors.

TERMS OF REFERENCE

The Committee is governed by the specific terms of reference set out in the Audit Committee Charter. The Committee focuses on the

following objectives in discharging its responsibilities taking into consideration the terms of reference together with the requirements of the Listing Rules of the Colombo Stock Exchange:

(a) Risk Management

(b) Efficiency of the system of internal controls

(c) Independence and objectivity of the external (statutory)

Auditors

(d) Appropriateness of the principal accounting policies used
Financial Statement integrity

COMPLIANCE

During the year under review, the Committee has assisted the Board in ensuring compliance with the statutory provisions prior to publication of Interim Financial Statements and the Annual Report. The Committee has taken necessary measures to ensure that the Interim Financial Statements and the Annual Report are timely published and they are prepared and presented in accordance with Sri Lanka Accounting Standards and also in compliance with the Companies Act and other regulatory requirements. The Committee has assessed the adequacy of existing internal controls and risk management procedures and recommends to the Board, additional controls and risk mitigating strategies that could be implemented to strengthen the existing internal control system.

Further, the Committee has reviewed the routine operations of the Company and assessed the future prospects of its business operations and accordingly makes sure that the going concern assumption used in the preparation of the Financial Statements is appropriate.

EXTERNAL AUDIT

The Company has appointed KPMG as its External Auditors for the financial year ended 31st March, 2023 and the services provided by them are segregated between audit/assurance services and other advisory services. The Committee has reviewed the progress and conduct of the statutory audit function and discussed the audit related issues with the Auditors.

Messrs KPMG has also issued a declaration as required by the Companies Act No. 07 of 2007, that they do not have any relationship or interest in any of the companies in the Group, which may have a bearing on the independence of their role as Auditors.

The Committee after evaluating the independence and performance of the External Auditors, has recommended to the Board the reappointment of Messrs KPMG for the financial year ending 31st March 2024 subject to the approval of the Shareholders at the Annual General Meeting of the Company.

MANAGEMENT DISCUSSION AND REVIEW

In the face of a global economic downturn, multiple nations witnessed a decline in economic activity. This widespread contraction created an international economic crisis, impacting numerous regions. Alongside this, the cost of living emerged as a critical issue as monetary conditions tightened globally. Governments and individuals grappled with increased expenses and financial pressures.

GLOBAL ECONOMY

During the period under review, the global economy faced a series of challenges that impacted its overall performance. Despite initial hopes of recovery, the lingering effects of the pandemic continued to cast a shadow over economic growth. As a result, the world experienced a contraction in economic activity, with a decline of 3.2% in 2023, marking a significant setback compared to the 6% contraction witnessed in 2022. Furthermore, inflation emerged as a pressing concern during this time. Inflation rates soared to 8.8% in 2022, a substantial increase from the previous year's 4.7%. This surge in inflationary pressures added further strain to the already struggling global economy, exacerbating the challenges faced by businesses and individuals alike.

LOCAL ECONOMY

The local economy faced substantial challenges during the period under review. The pandemic-induced restrictions, including border closures, trade limitations, and mobility constraints, had profound and lasting effects on the economy. As Sri Lanka began its journey towards recovery, the sharp decline in gross official reserves severely hampered the country's capacity to meet essential import needs and service external debt obligations. Furthermore, by the end of 2021, the country already had a significant trade deficit, with imports surpassing exports, indicating a higher outflow of currency compared to inflows.

In 2022, our nation faced an economic crisis that led to widespread fuel and gas shortages, power supply suspension, and disruptions in transportation. The scarcity of foreign currency resulted in import restrictions and rationing of various goods, triggering social unrest and a severe political crisis.

Moreover, the country experienced a significant decline in its Gross Domestic Product (GDP) in 2022, contracting by 7.8%. This downward trend continued into the first quarter of 2023, with a staggering contraction of 11.5%. These declines were primarily driven by reduced activities in the Industry and Services sectors. Furthermore, the country faced a severe inflation crisis, with inflation rates soaring above 70% in September 2022. However, there has been a gradual improvement in the first quarter of 2023, as headline inflation dropped below 20% by March.

Despite these challenges, our policymakers demonstrated resilience by implementing strategic measures to mitigate further deterioration. These included import restrictions, financial sector oversight, debt standstill, restructuring, and engaging with the International Monetary Fund (IMF) for financial support.

Import restrictions aimed to safeguard limited resources and prioritize essential goods and services for our citizens. Enhanced oversight of the financial sector ensured stability and prevented exploitation or misconduct that could worsen the crisis. To address our debt burden, the government pursued a proactive debt standstill and restructuring strategy. This allowed the negotiation of more favourable terms with creditors, alleviating the financial strain on the economy and paving the way for sustainable recovery.

GROUP PERFORMANCE

Against the drastic backdrop, the Group achieved a remarkable revenue growth of Rs. 8.5 Bn, signifying a substantial increase compared to the previous year's revenue of Rs. 4.5 Bn. This commendable growth can be primarily attributed to the significant growth expansion observed in the plantation sector.

	2023 Rs. Mn	2022 Rs. Mn

MANAGEMENT DISCUSSION AND REVIEW

Tea

Agarapatana Plantations Limited is a prominent Regional Plantation Company specializing in the cultivation of High Grown Tea. Our tea gardens are strategically located in two regions: the Agarapatana region in the Western Planting District and the Haputale region in the Uva Eastern Planting District. As a leading player in the industry, Agarapatana Plantations Limited prides itself on its commitment to producing the finest quality tea. With a focus on monocropping, we ensure that our entire plantation is dedicated solely to the cultivation of High Grown Tea.

The Agarapatana Region currently accounts for 57% of the total cultivated area and contributes to 51% of the Company's overall production. The remaining cultivation in the Haputale Region represents 49% of the production, including crops that have been purchased. However, certain estates in the Haputale Region are facing challenges regarding the quality of their seedling tea. It is worth noting that the cultivated area has remained unchanged from the previous season.

The Company achieved a profit before tax of Rs. 2,387 Mn, a significant increase from the previous year's profit of Rs. 60 Mn. Despite the challenging environment, the Company also experienced a growth in revenue, reaching Rs. 8.5 Bn compared to Rs. 4.4 Bn previously. This remarkable performance can be primarily attributed to the implementation of rigorous cost control measures and a strong focus on product quality, resulting in improved tea prices in the market compared to previous years.

	2023 Rs. Mn	2022 Rs. Mn

Gross Profit	2,656	63
Profit Before Tax	2,387	60
Profit After Tax	1,782	28

Tea Revenue - Rs. Mn

Electricity

The provision of electricity in 2022 was primarily hindered by fuel and coal shortages for power generation. This was exacerbated by a lack of foreign exchange liquidity and a decline in reservoir levels. As a result, there was a significant decrease of 4.6 percent in total electricity generation in 2022. Specifically, the total power generation declined to 15,942 GWh in 2022, compared to 16,716 GWh in 2021. These challenges had a profound impact on the overall availability of electricity during the year.

The shortage of fuel and coal for power generation posed a major obstacle to meeting the electricity demands of the nation. This scarcity was further compounded by the limited availability of foreign exchange liquidity, making it difficult to import the necessary resources. Additionally, the decline in reservoir levels further strained the power generation capacity, as hydroelectric plants were unable to operate at their full potential.

Against this adverse backdrop of our current circumstances, our subsidiary, Waverly Power (Pvt) Ltd, successfully operates a hydropower generating unit, achieving a significant revenue for the year with an increase from Rs. 48.6 Mn to Rs. 52.3 Mn. Furthermore, the total power generation for the period ending on March 31st, 2023, reached 3,590,916 units. This achievement not only demonstrates their dedication to meeting the energy demands of the customers but also contributes significantly to the . Gross profit Rs. 32.42 Mn in 2023 against Rs. 25.46 Mn in 2022. However ever due to increase in finance cost (Rs. 32.57) & Deferred Tax impact (Rs. 17.52 Mn) company has to expense a Net Loss of Rs. 18 Mn.

TO THE SHAREHOLDERS OF LANKEM DEVELOPMENTS PLC

Report on the Audit of the Financial Statements

Opinion

We have audited the Financial Statements of Lankem Developments PLC ("the Company") and the consolidated Financial Statements of the Company and its subsidiaries ("the Group"), which comprise the statement of financial position as at 31st March 2023, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information set out on pages 24 to 79.

In our opinion, the accompanying Financial Statements of the Company and Group give a true and fair view of the financial position of the Company and the Group as at 31st March 2023, and of their financial performance and cash flows for the year then ended in accordance with Sri Lanka Accounting Standards.

Basis for Opinion

We conducted our audit in accordance with Sri Lanka Auditing Standards (SLAuSs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by CA Sri Lanka (Code of Ethics), and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Company financial statements and the Consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Company financial statement and the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Impairment of Investments in Subsidiaries and Goodwill

(Refer to the significant accounting policies in Notes 3.1, 3.9.2 and explanatory Notes 16 and 17 to the Financial Statements).

Risk Description

The Group has reported a goodwill of Rs. 629 Mn as at 31st March 2023. The recoverable amounts of the identified CGUs have been determined based on fair value less cost to sell calculation. The Company's investment in subsidiaries amounted to Rs. 2,111.5 Mn as at 31st March 2023. The subsidiary operating in the plantation industry has already been tested for impairment in the previous years and the carrying amount of this investment in subsidiary amounted to Rs. 1,467 Mn as at 31st March 2022. The Management carried out an impairment assessment for investment of this subsidiary as at 31st March 2023 using a consistent basis as per the requirements of LKAS 36 – "Impairment of Assets" and determined a reversal of Rs. 688 Mn for the year ended 31st March 2023.

We considered the audit of management's impairment assessment of goodwill and investment in subsidiaries to be a key audit matter due to the magnitude of the carrying amounts of goodwill and investment in subsidiaries in the financial statements as at 31st March 2023. In addition, these areas were significant to our audit because the impairment assessment process involves significant management judgement and required the management to make various assumptions in the calculation of fair value less cost to sell calculation.

Our audit procedures included;

- Evaluating the investment in subsidiary and goodwill balances for impairment indicators and comparing carrying amounts and recoverable amounts to assess the adequacy of the provision for impairment.
- Assessing and challenging the appropriateness of the valuation methodologies and key assumptions used by the management with reference to recent transactions and market data.
- Assessing the appropriateness of the input data to supporting evidences on a sample basis, such as publicly available peer Company data and internal source data in assessing the arithmetical accuracy and reasonableness of the computation of average market multiples, liquidity adjustments and control premiums used in value in use computations.
- Assessing the adequacy and appropriateness of the disclosures made in the Financial Statements of the Company and the Group.

Measurement of Biological Assets

(Refer to the significant accounting policy in Note 3.5 and explanatory Notes 13 and 14 of the consolidated Financial Statements).

Risk Description

The Group has reported biological assets amounting to Rs. 3,769.8 Mn as at 31st March 2023. This amount consists of bearer biological assets amounting to Rs. 2,236.9 Mn and consumable biological assets amounting to Rs. 1,532.9 Mn.

Bearer biological assets mainly include mature and immature tea fields. Inappropriate transfer from immature to mature plantations has a significant impact on the carrying value of the bearer plants and the reported profits as capitalization of costs will cease from the point of transfer and the mature plantations are depreciated over the useful lives of the plants. As per the industry practice, transfer of immature plantations to mature plantation fields happens at the point of commencement of commercial harvesting. The actual point of which commercial harvesting could start depends on the soil condition, weather patterns and plant breed.

The valuation of consumable biological assets requires significant levels of judgments and technical expertise in selecting appropriate valuation models and assumptions. The management engaged an external valuation expert to assist in determining the fair value of the consumable biological assets.

We considered this as a key audit matter because the valuation of consumable biological assets involved significant judgments exercised by the management and external valuation expert and were subjected to significant level of estimation uncertainty. Further, immature to mature transfer of bearer biological assets require management to exercise their judgement in determining the point at which a plant is deemed ready for commercial harvesting.

Our audit procedures for consumable biological assets included reviewing the conclusions and workpapers related to the following audit procedures performed by the component auditors of the plantation sector on behalf of us;

- Evaluating the competence, capability and objectivity of the external valuer engaged by the company.
- Assessing the completeness and accuracy of the key data used by the external valuer to the underlying data, by tracing those to the underlying books and records maintained by the company. This also included assessing the appropriateness and consistency of the application of the formula used for deriving the expected timber volume.
- Reading the external valuer's report and understanding key estimates made and approach taken by the valuer in determining the fair value of consumable biological assets.
- Assessing the reasonableness of key assumptions used, in particular the discount rate, expected timber volume and average current market price by comparing those with the industry practices that are generally used in determining fair value of consumable biological assets.
- Assessing the adequacy of the disclosures of consumable biological assets made in the notes to the financial statements relating to the significant estimates and judgements.

Our audit procedures for bearer biological assets included reviewing the conclusions and workpapers related to the following audit procedures performed by the component auditors of the plantation sector on behalf of us;

- Assessing the processes and controls in place to ensure proper identification of the expenses to be capitalized relating to immature plantations.
- Validating the significant amounts capitalized (including capitalized labour and other acceptable costs) by examining related invoices, capital expenditure authorizations and other corroborative evidences.
- Assessing the timely transfers from respective immature to matured plantation categories by examining the ageing profile of immature plantations.
- Inspecting the ageing profile of the immature biological assets as of the reporting date to ensure that triggers of impairment (if any) are duly identified, assessed for probable impairment losses and duly accounted for in the financial statements.
- Assessing the adequacy of the disclosures of bearer biological assets made in the notes to the financial statements.

INDEPENDENT AUDITORS' REPORT

Valuation of Retirement benefit Obligation

(Refer to the significant accounting policy in Note 3.12.3, explanatory Note 30 of the consolidated Financial Statements).

Risk Description

The Group has recognized retirement benefit obligation of Rs. 1,198.6 Mn as at 31st March 2023. The retirement benefit obligation of the Group is significant in the context of the total liabilities of the Group. The valuation of the Group's retirement benefit obligation requires significant judgment and estimation to be applied across numerous assumptions, including salary increases and discount rate. Minor changes in those assumptions could have a significant effect on the financial performance and financial position of the Group.

Management engaged an independent actuary to assist them in the estimation of the Retirement benefit obligation. We considered the estimation of the retirement benefit obligation to be a key audit matter due to the magnitude of the amounts recognized in the financial statements as well as estimation uncertainty involved.

Our audit procedures for valuation of retirement benefit obligation included reviewing the conclusions and workpapers related to the following audit procedures performed by the component auditors of the plantation sector on behalf of us;

- Assessing the competency, independence, capability and objectivity of the external valuer engaged by the Company.
- Reading the external actuary's report and understanding key estimates made and the approach taken by the valuer in determining the present value of the retirement benefit obligation.
- Assessing the assumption for salary/wage growth rates considering the historical collective agreements.
- Agreeing the reasonableness of the discount rate used by the actuary, considering the government treasury bond yield rates published by the Central Bank of Sri Lanka.
- Validating the key inputs used by the actuary to the underlying data held by the Company.
- Evaluating the adequacy of disclosures on retirement benefit obligation given in Notes to the financial statements.

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with Sri Lanka Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's and the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SLAuSs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SLAuSs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company and the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated Financial Statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with ethical requirements in accordance with the Code of Ethics regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by section 163 (2) of the Companies Act No. 07 of 2007, we have obtained all the information and explanations that were required for the audit and, as far as appears from our examination, proper accounting records have been kept by the Company.

CA Sri Lanka membership number of the engagement partner responsible for signing this independent auditor's report is 3029.

The Financial Statements are to be read in conjunction with the related Notes, which form a part of the Financial Statements set out on the pages 28 to 79.

ACCOUNTING POLICIES

1. REPORTING ENTITY

1.1 Domicile and Legal Form

Lankem Developments PLC (the 'Company') is a Company domiciled in Sri Lanka which was incorporated on 14th October 1974. The registered office of the Company is situated at No. 98, Sri Sangaraja Mawatha, Colombo 10, Sri Lanka.

The consolidated Financial Statements of Lankem Developments PLC, as at and for the year ended 31st March 2023, comprise of the Company and its subsidiaries (together referred to as the Group, individually as 'group Entities') and the Group's interest in equity accounted investees.

The immediate and ultimate holding Companies of Lankem Developments PLC are Consolidated Tea Plantations Limited and The Colombo Fort Land & Building PLC, respectively.

1.2 Principal activities and nature of the operation

The principal activity of the Company is Investment Holding.

The Group consists of two subsidiaries namely, Agarapatana Plantations Limited and Waverly Power (Private) Limited. Principal activities of Agarapatana Plantations Limited are cultivation, manufacture and sale of black tea while Waverly Power (Private) Limited is generating electricity for the National Grid.

2. BASIS OF PREPARATION

2.1 Statement of Compliance

The Financial Statements of the Company and those consolidated with such, comprise of the Statement of Profit or Loss and Other Comprehensive Income, Statement of Financial Position, Statement of Changes in Equity and Statement of Cash Flows together with the Accounting Policies and Notes to the Financial Statements. The consolidated Financial Statements have been prepared in accordance with Sri Lanka Accounting Standards (SLFRS/LKAS), as issued by the Institute of Chartered Accountants of Sri Lanka (CA Sri Lanka) and the requirements of the Companies Act No. 07 of 2007.

The consolidated Financial Statements were authorised for issue by the Board of Directors on 31 August 2023.

2.2 Basis of Measurement

The consolidated Financial Statements have been prepared on the historical cost basis except for the following material items in the Statement of Financial Position:

- Consumable Biological Assets measured at fair value less cost to sell
- Produce on Bearer Biological Asset measured at fair value less cost to sell
- Retirement Benefit Obligation has been measured at fair value

- Class of Land under Property, Plant and Equipment is carried Revaluation model.
- Financial Assets Classified at fair value through Profit and Loss
- Financial Assets classified at Fair Value Through Other Comprehensive Income

2.3 Functional and Presentation Currency

The consolidated Financial Statements are presented in Sri Lankan Rupees, which is the Group's functional currency, rounded to the nearest thousand, unless otherwise stated.

2.4 Use of Estimates, Judgments and Assumptions

The preparation of the Consolidated Financial Statements in conformity with Sri Lanka Accounting Standards (SLFRS/LKAS) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

2.4.1 Judgments

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the Consolidated Financial Statements is included in the following notes.

- Note 35 - Going Concern Assessment
- Note 15.1 - Lease Term

2.4.2 Assumptions and Estimation Uncertainties

Information about the assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ended 31st March 2023 is included in the following notes.

- Note 30 - Measuring of defined benefit obligations: key actuarial assumptions;
- Note 29 - Recognition of deferred tax liabilities/ (assets)
- Note 17 - Impairment test: key assumptions underlying recoverable amounts;
- Note 12 - Valuation of Property, Plant and Equipment
- Note 34 - Contingent Liabilities
- Note 16. - Recoverable value of goodwill
- Note 13 - Valuation of Bearer Biological Assets
- Note 14 - Valuation of Consumable Biological Assets

2.4.3 Measurement of Fair Values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the Group Finance manager.

When measuring fair value of an asset or liability, the Group uses observable market data as far as possible. Fair Values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows,

- Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 : inputs other than quoted prices included in Level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3 : inputs for the asset or liability that are not based on observable market data (unobservable inputs)

If inputs used to measure the fair value of an asset or liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

2.5 Accounting Policies and Comparative Information

The Accounting Policies applied by the Company are, unless otherwise stated, consistent with those used in the previous year. Previous year's figures and phrases have been rearranged, wherever necessary, to conform to the current year's presentation.

2.6 Materiality and Aggregation

Each material class of similar items is presented separately in the consolidated financial statements. Items of dissimilar nature or function are presented separately unless they are immaterial as permitted by LKAS 1: Presentation of Financial Statements.

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position, only when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on net basis, or to realize the assets and settle the liability simultaneously.

3. SIGNIFICANT ACCOUNTING POLICIES

Accounting policies set out below have been applied consistently to all periods presented in these consolidated Financial Statements and have been applied consistently by the Group entities, unless otherwise indicated.

3.1 Basis of Consolidation

3.1.1 Business Combinations

The Group accounts for business combinations using the acquisition method when the acquired set of activities and assets meet the definition of a business and control is transferred to the Group.

The consideration transferred in the acquisition is generally measured at fair value, based on the identifiable net assets acquired. Any goodwill that arises is tested annually for impairment. Any gain on a bargain purchase is recognised in profit or loss immediately. Transaction costs are expensed as incurred, except if related to the issue of debt or equity securities.

From 1st April 2020, in determining whether a particular set of activities and assets is a business, the Group assesses whether the set of assets and activities acquired includes, at a minimum, an input and substantive process and whether the acquired set has the ability to produce outputs. The Group has an option to apply a 'concentration test' that permits a simplified assessment of whether an acquired set of activities and assets is not a business. The optional concentration test is met if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets.

The Group measures goodwill at the acquisition date as:

- The fair value of the consideration transferred; plus
- The recognised amount of any non-controlling interests in the acquiree; plus
- If the business combination is achieved in stages, the fair value of the pre-existing equity interest in the acquiree; less
- The net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss. The consideration transferred does not include amounts related to the settlement of pre-existing relationships, such amounts are generally recognised in Profit or Loss.

Transaction costs, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

Any contingent consideration payable is measured at fair value at the acquisition date. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not re-measured and settlement is accounted for within equity. Otherwise, subsequent changes in the fair value of the contingent consideration are recognised in profit or loss.

ACCOUNTING POLICIES

If share based payment awards (replacement awards) are required to be exchanged for awards held by the acquiree's employees (acquiree's awards) and relate to past services, then all or portion of the amount of the acquirer's replacement awards is included in measuring the consideration transferred in the business combination. This determination is based on the market based value of the replacement awards compared with the market based value of the acquiree's awards and the extent to which the replacement awards relate to past and/or future service.

3.1.2 Non-Controlling Interest

The total profit and loss for the year of the Company and its subsidiaries included in consolidation, are shown in the consolidated Statement of Profit or Loss with the proportion of profit and loss after taxation pertaining to minority shareholders of subsidiaries being deducted as 'Non-Controlling Interest'. All assets and liabilities of the Company and of its subsidiaries included in consolidation are shown in the consolidated Statement of Financial Position. The interest of minority shareholders of subsidiaries in the fair value of net assets of the Group are indicated separately in the consolidated Statement of Financial Position under the heading 'Non-Controlling Interest'. Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as transactions with owners in their capacity as owners. Adjustments to non-controlling interests are based on a proportionate amount of the net assets of the subsidiary. No adjustments are made to goodwill.

3.1.3 Subsidiaries

Subsidiaries are entities controlled by the Group. The Group 'controls' an entity if it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Group reassesses whether it has control if there are changes to one or more of the elements of control.

The Financial Statements of subsidiaries are included in the consolidated Financial Statements from the date that control commences until the date that control ceases.

3.1.4 Loss of Control

On the loss of control, the Group de-recognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in Profit or Loss.

3.1.5 Transactions Eliminated on Consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra group transactions, are eliminated in preparing the consolidated Financial Statements. Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

3.2 Foreign Currency

Transactions in foreign currencies are translated to the respective functional currencies of the Group at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are re-translated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortised cost in foreign currency translated at the exchange rate at the end of the year. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are re-translated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

3.3 Financial Instruments

3.3.1 Recognition and Initial Measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument. A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not a FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

3.3.2 Classification and Subsequent Measurement

3.3.2.1 Financial Assets

On initial recognition, a financial asset is classified as measured at amortised cost, Fair Value through Other Comprehensive Income (FVOCI) or Fair Value through Profit or Loss (FVTPL).

Financial assets are not reclassified subsequently to their recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL;

- It is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- Its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- It is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and

- Its contractual terms give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.
- A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL;
- It is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- Its contractual terms give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

On the initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial assets that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

a) *Business Model Assessment*

The Group makes an assessment of the objectives of the business model in which a financial asset is held as a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes;

- The stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- How the performance of the portfolio is evaluated and reported to the Group's management.
- The risks that affect the performance of the business model (and the financial assets held within the business model) and how those risks are managed;
- How managers of business are compensated. eg: whether compensation is based on the fair value of assets managed or the contractual cash flows collected.
- The frequency, volume and timing of sales of financial assets in prior periods, the reason for such sale and expectation about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Group's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

3.3.2.2 Assessment Whether Contractual Cash Flows are Solely Payments of Principal and Interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Group Considers:

- Contingent events that would change the amount or timing of cash flows;
- Terms that may adjust the contractual coupon rate, including variable-rate features;
- Prepayment and extension features; and
- Terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principle and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract.

Financial assets - Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are never reclassified to profit or loss.

ACCOUNTING POLICIES

3.3.2.3 Financial Liabilities

i) Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost of FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

3.3.3 De-recognition

3.3.3.1 Financial Assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Group enters in to transactions where by it transfers assets recognised in its Statements of Financial Position, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

3.3.3.2 Financial Liabilities

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Group also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

3.3.4 Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

3.3.5 Other Payables

Other payables are stated at the amounts they are estimated to realise inclusive of provisions for impairment. Other payables includes amounts due to related companies and income tax payables.

3.3.6 Assets and Basis of their Valuation

Assets classified as Current Assets in the Statement of Financial Position are Cash, Bank balances and those which are expected to be realised in cash during the normal operating cycle of the Group's business, or within one year from the reporting date, whichever is shorter. Assets other than current assets are those which the Group intends to hold beyond a period of one year from the reporting date.

3.4 Property, Plant and Equipment

Property, Plant and Equipment are tangible items that are held for use in the production or supply of goods or services or for administrative purposes and are expected to be used for more than one year.

3.4.1 Recognition and Measurement

Property, Plant and Equipment are recognised, if it is probable that future economic benefits associated with the asset will flow to the Company and cost of the asset can be measured reliably.

Property, Plant & Equipment except Land are initially measured at its cost and subsequently at cost less accumulated depreciation and accumulated impairment losses.

At the time of transition from SLASs to SLFRSs/ LKASs, the Group has elected to recognise their land at deemed cost by applying the optional exemption included in the transitional provisions of SLFRS 1, "First time Adoption of Sri Lanka Accounting Standards". Accordingly, previously recognised revalued amount has been considered as deemed cost of the land as at 1st April 2011 and the cost model has been applied subsequently as per LKAS 16. LKAS 16 provides that when an item of property, Plant and equipment is revalued, the carrying amount of that asset is adjusted to the revalued amount at the date of revaluation.

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the asset to a working condition for its intended use, and the cost of dismantling and removing the items and restoring the site on which they are located and capitalised borrowing cost. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When significant parts of an item of Property, Plant and Equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and Equipment.

3.4.2 Cost Model

The Group applies cost model for Property, Plant and Equipment except for lands and records at cost of purchase or construction together with any incidental expenses thereon, less accumulated depreciation and any accumulated impairment losses.

3.4.3 Revaluation Model

The Group applies the revaluation model for the entire class of lands. Such lands are carried at a revalued amount, being their fair value at the date of revaluation, less subsequent accumulated impairment losses. Land of the Group are revalued at once in every three years on a roll over basis to ensure that the carrying amounts do not differ materially from the fair values at the reporting date. On revaluation of an asset, any increase in the carrying amount is recognised in Other Comprehensive Income and accumulated in equity, under capital reserve or used to reverse a previous revaluation decrease relating to the same asset, which was charged to the Statement of Income. In this circumstance, the increase is recognised as income to the extent of the previous write down. Any decrease in the carrying amount is recognised as an expense in the Statement of Income or debited in the Other Comprehensive Income to the extent of any credit balance existing in the capital reserve in respect of that asset. The decrease recognised in other Comprehensive Income reduces the amount accumulated in equity under capital reserves. Any balance remaining in the revaluation reserve in respect of an asset is transferred directly to retained earnings on retirement or disposal of the asset.

3.4.4 Gains and Losses on Disposal

Gains and losses on disposal of an item of Property, Plant and Equipment are determined by comparing the proceeds from disposal with the carrying amount of Property, Plant and Equipment, and are recognised net within "other income/other expenses" in Profit or Loss.

3.4.5 Subsequent Costs

The cost of replacing a part of an item of Property, Plant and Equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group, and its cost can be measured reliably.

The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of Property, Plant and Equipment are recognised in profit or loss as incurred.

3.4.6 De-Recognition

The carrying amount of an item of Property, Plant and Equipment is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the de-recognition of an item of Property, Plant and Equipment is included in Profit or Loss when the item is derecognised. When replacement costs are recognised in the carrying amount of an item of Property, Plant and Equipment, the remaining carrying amount of the replaced part is derecognised. Major inspection costs are capitalised. At each such capitalisation, the remaining carrying amount of the previous cost of inspections are derecognised.

3.4.7 Depreciation

Items of Property, Plant and Equipment are depreciated from the date they are available for use or, in respect of self-constructed assets, from the date that the asset is completed and ready for use.

Depreciation is calculated to write off the cost of items of Property, Plant and Equipment less their estimated residual values using the straight-line basis over their estimated useful lives. Depreciation is generally recognised in Profit or Loss, unless the amount is included in the carrying amount of another asset. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term. Land is not depreciated. Lease period of land acquired from JEDB/SLSPC will expire in the year 2045.

The estimated useful lives are as follows:

LANKEM DEVELOPMENTS PLC

Plant, Machinery & Equipment	10 Years
Furniture, Fixtures & Fittings	10 Years
Office Equipment	10 Years
Motor Vehicles	07 Years
Computers	04 Years
Other Equipment	01 Years

ACCOUNTING POLICIES

WAVERLY POWER (PRIVATE) LIMITED

Freehold Building	40 Years
Plant, Machinery & Equipment	13 1/3 Years
Furniture, Fixtures & Fittings	10 Years
Tools & Equipment	08 Years
Motor Vehicles	05 Years
Computers	04 Years

AGARAPATANA PLANTATION LIMITED

Buildings	40 Years
Roads	25 Years
Sanitation, Water & Electricity Supply	20 Years
Plant & Machinery	13 1/3 Years
Furniture & Fittings	10 Years
Equipment	8 Years
Motor Vehicles	5 Years
Mature Plantations (Replanting and New Planting)	Useful Life
Mature Plantations – Tea	33 1/3 Years

No depreciation is provided for immature plantations.

Depreciation of an asset begins when it is available for use and ceases at the earlier of the date that the asset is classified as held for sale and the date that the asset is derecognised.

Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount.

Amortisation of Leasehold Rights

The leasehold rights of assets taken over from JEDB/SLSPC are amortised in equal amounts over the shorter of the remaining lease periods and the useful lives as follows:

Freehold Assets	Useful Life
Right to Use of Land	53 Years
Roads & Bridges	40 Years
Improvements to land	30 Years
Mature Plantations – Tea	30 Years
Vested Tea	30 Years
Buildings	25 Years
Fences & Securities	20 Years
Water Supply	20 Years
Power Augmentation	20 Years
Machinery	15 Years

3.4.8 Capital Work in Progress

Capital expenses incurred during the year which are not completed as at the reporting date are shown as capital work-in-progress, while the capital assets which have been completed during the year and put to use are transferred to Property, Plant and Equipment.

3.4.9 Land Improvement Cost

Permanent land development costs are those costs incurred in making major infrastructure development and building new access roads on leasehold lands. These costs have been capitalised and amortised over the remaining lease period.

Permanent impairment to land development costs are charged to the Statement of Profit or Loss in full or reduced the net carrying amounts of such assets in the year of occurrence after ascertaining the loss.

3.5 Biological Assets

Biological assets are classified as Mature Biological Assets and Immature Biological Assets. Mature Biological Assets are those that have attained harvestable specifications or are able to sustain regular harvests. Immature Biological Assets are those that have not yet attained harvestable specifications. Tea, rubber, other plantations and nurseries are classified as Biological Assets.

Biological assets are further classified as Bearer Biological Assets and Consumable Biological Assets. Bearer Biological Assets include tea, rubber and cinnamon trees, those that are not intended to be sold or harvested, however used to grow for harvesting agricultural produce from such Biological Assets. Consumable Biological Assets include managed timber, those that are to be harvested as agricultural produce or sold as Biological Assets.

The entity recognises the Biological Assets when, and only when, the entity controls the assets as a result of a past event, it is probable that future economic benefits associated with the assets will flow to the entity and the fair value or cost of the assets can be measured reliably.

3.5.1 Bearer Biological Assets

The cost of Replanting and New Planting are classified as immature plantations upto the time of harvesting the crop. Further, the general charges incurred on the plantation are apportioned based on the labour days spent on respective Replanting and New Planting and capitalised on the immature areas. The remaining portion of the general charges is expensed in the accounting period in which it is incurred.

The cost of areas coming into bearing are transferred to mature plantations and depreciated over their useful life period.

The Bearer Biological Assets are measured at cost less accumulated depreciation and accumulated impairment losses, if any, in terms of LKAS 16 – Property, Plant and Equipment.

3.5.2 Consumable Biological Assets

The managed timber is measured on initial recognition and at the end of each reporting period at its fair value less cost to sell in terms of LKAS 41. The cost is treated as approximation to fair value of young plants as the impact on biological transformation of such plants to price during this period is immaterial. The fair value of timber trees are measured using DCF method taking into consideration the current market prices of timber applied to expected timber content of a tree at the maturity by an independent professional valuer.

The main variables in DCF model concerns:

Variable	Comment
Currency valuation	Sri Lankan Rupees
Timber content	Estimate based on physical verification of girth, height and considering the growth of the each species in different geographical regions. Factor all the prevailing statutory regulations enforced against harvesting of timber coupled with forestry plan of the Company
Economic useful life	Estimated based on the normal life span of each species by factoring the forestry plan of the Company
Selling price	Estimated based on prevailing Sri Lankan market prices. Factor all the conditions to be fulfilled in bringing the trees in to saleable condition

The gain or loss arising on initial recognition of biological assets at fair value less cost to sell and change in fair value less cost to sell of biological assets are included in profit or loss for the period in which it arises.

3.5.3 Infilling Cost on Bearer Biological Assets

Where infilling results in an increase in the economic life of the relevant field beyond its previously assessed standard of performance, the costs are capitalised in accordance with LKAS 16 – Property, Plant and Equipment and depreciated over the useful life at rates applicable to mature plantation.

Infilling costs that are not capitalised have been charged to the Statement of Profit or Loss in the year in which they are incurred.

3.5.4 Nursery Plants

Nursery cost includes the cost of direct materials, direct labour and an appropriate proportion of directly attributable overheads, less provision for overgrown plants.

3.5.5 Borrowing Costs

Borrowing Costs that are directly attributable to acquisition, construction of products of a qualifying asset, which takes a substantial period of time to get ready for its intended use or sale, are capitalised as a part of the asset.

Borrowing Costs that are not capitalised are recognised as expenses in the period in which they are incurred and charged to the Statement of Comprehensive Income.

The amounts of the Borrowing Costs which are eligible for capitalisation determined in accordance with LKAS 23 – Borrowing Costs.

Borrowing Costs incurred in respect of loans that are utilised for field development activities have been capitalised as a part of the cost of the relevant Immature Plantation. The capitalisation will cease when the crops are ready for commercial harvest.

3.6 Leases

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Group has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Group has the right to direct the use of the asset. The Group has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Group has the right to direct the use of the asset if either;
 - the Group has the right to operate the asset; or
 - the Group designed the asset in a way that predetermines how and for what purpose it will be used.
- This policy is applied to contracts entered into, or changed, on or after 1st April 2019.

At inception or on reassessment of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices. Where the lease agreement includes an annual adjustment on a variable such as GDP deflator, the Group shall annually reassess the liability considering such variable and recognise the amount of remeasurement of the lease liabilities as an adjustment to the right-of-use asset.

ACCOUNTING POLICIES

3.7 Intangible Assets

Goodwill

Goodwill that arises on the acquisition of subsidiaries is measured at cost less accumulated impairment losses.

Goodwill is tested for impairment annually and when circumstances indicate that the carrying value may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash Generating Unit (or Group of cash Generating Unit) to which the goodwill relates. When the recoverable amount of the cash Generating Unit less than its carrying value, an impairment loss is recognised. Impairment losses relating to goodwill cannot be revised in future periods.

3.8 Inventories

Inventories are measured at the lower of cost and net realisable value after making due allowances for obsolete & slow moving items. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs necessary to make the sale.

Finished Goods Manufactured from Agricultural Produce of Biological Assets

These are valued at the lower of cost and estimated realisable value, after making due allowances for obsolete and slow moving items. Net realisable value is the price at which the stocks can be sold in the normal course of business after allowing for cost of realisation and/or cost of conversion from their existing state to saleable condition.

Produce on Bearer Biological Assets

In accordance with LKAS 41, The Group recognises agricultural produce growing on bearer plants at Fair value less cost to sell. Change in the fair value of such agricultural produce is recognised in profit or loss at the end of each reporting period.

For this purpose, quantities of harvestable agricultural produce ascertained based on harvesting cycle of each crop category by limiting to one harvesting cycle based on last day of the harvest in immediately preceding cycle. Further, 50% of the crop in that harvesting cycle considered for the valuation.

For the valuation of the harvestable agricultural produce, the Company uses the following price formulas:

Tea – Brought Leaf rate (Current month) less cost of harvesting & transport.

Input Material

At average cost.

Growing Crop – Nurseries

At the cost of direct materials, direct labour and an appropriate proportion of directly attributable overheads.

Spares and Consumables

At actual cost.

3.9 Impairment

3.9.1 Non-Derivative Financial Assets

a) Financial Instruments and Contract Assets

The Group recognises loss allowances for ECLs (Expected Credit Loss) on trade and other receivables.

Financial assets measured at amortised cost

The Group measures loss allowances at an amount equal to lifetime ECLs, except for the bank balances for which credit risk has not increased significantly since initial recognition which are measured at 12 month ECLs.

Loss allowance for trade receivables are always measured at an amount equal to lifetime ECLs. When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Group considers a financial asset to be in default when:

- The debtor is unlikely to pay its credit obligation to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or
- The financial asset is more than 365 days past due.
- The Group considers a debt security to have low credit risk when its credit risk rating is equivalent to the globally understood definition of "investment grade".

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

b) Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e, the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

c) Presentation of allowance for ECL in the statement of financial position

Loss allowance for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets. For debt Securities at Fair Value Through Other Comprehensive Income. The Loss allowance is charged to Profit and Loss and is recognised in Other Comprehensive Income.

d) Write-off

The gross carrying amount of a financial asset is written off when the Group has no reasonable expectation of recovering a financial asset in its entirety or a portion thereof. For Individual customers, the Group individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Group expects no significant recovery from the written off. However, Financial Assets that are written off could still be subject to enforcement activities in order to comply with the Group procedures for recovery of amount due.

3.9.2 Non-Financial Assets

The carrying amounts of the Group's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. An impairment loss is recognised if the carrying amount of an asset or cash generating unit (CGU) exceeds its recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

3.10 Cash and Cash Equivalents

Cash and cash equivalents comprise of cash balances and call deposits with maturities of three months or less from the acquisition date that are subject to an insignificant risk of changes in their fair value, and are used by the Group in the management of its short term commitments.

3.11 Stated Capital

Ordinary Shares

Ordinary shares are classified as equity. As per the Companies Act No. 07 of 2007, Section 58 (1), stated capital in relation to a Company means the total of all amounts received by the Group or due and payable to the Group in respect of the issue of shares and in respect of call in arrears.

3.12 Employee Benefits

3.12.1 Short-Term Employee Benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

3.12.2 Defined Contribution Plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and has no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in Profit or Loss in the periods during which related services are rendered by employees. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments are available.

a) Employees' Provident Fund/ Ceylon Planters' Provident Society

The Group and employees contribute 12-15% and 8-10% respectively on the salary of each employee to the Employees' Provident Fund/ Ceylon Planters' Provident Society.

b) Employees' Trust Fund

The Group contributes 3% of the salary of each employee to the Employees' Trust Fund. The total amount recognised as an expense of the Group for contribution to ETF is disclosed in the notes to Financial Statements.

3.12.3 Defined Benefit Plan – Gratuity

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Group's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Any unrecognised past service costs and the fair value of any plan assets are deducted.

The defined benefit obligation for Agarapatana Plantations Limited is calculated by a qualified actuary using the Projected Unit Credit (PUC) method as recommended by LKAS 19 – 'Employee Benefits'. When the calculation results in a benefit to the Company, the recognised asset is limited to the total of any unrecognised past service costs and the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements that apply to any plan in the Company. An economic benefit is available to the Company if it is realisable during the life of the

ACCOUNTING POLICIES

plan, or on settlement of the plan liabilities. When the benefits of a plan are improved, the portion of the increased benefit relates to past service by employees is recognised in Profit or Loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognised immediately in Profit or Loss. Actuarial gain/losses for the period are recognised fully in the statement of Other Comprehensive Income.

However, according to the Payment of Gratuity Act No. 12 of 1983, the liability for the gratuity payment to an employee arises only on the completion of 5 years of continued service with the Company.

3.13 Provisions

A provision is recognised if as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably; and it is probable that an outflow, of economic benefits will be required to settle the obligation.

3.14 Revenue Recognition

3.14.1 Revenue

Revenue will be recognised upon satisfaction of performance obligation. The Group expects the revenue recognition to occur at a point in time when control of the asset is transferred to the customer, generally on delivery of the goods and service.

a) Revenue Streams

The Group generates revenue primarily from sale of goods under revenue from contracts with customers. The rental income, Dividend Income and repair income are the other sources of income included under revenue.

b) Disaggregation of Revenue from Contract with Customers

Revenue from contract with customers (including revenue related to a discontinuing operation) is disaggregated by primary geographical market, major products and service lines and timing of revenue recognition under Note 5.

c) Contract Balances

Contract Assets

Cost to obtain contract

The Group capitalises incremental costs to obtain a contract with a customer for the assets with more than one year amortisation period and if it expects to recover those costs. The costs that will be incurred regardless of whether the contract is obtained – including costs that are incremental to trying to obtain a contract, are expensed as they are incurred. The cost to obtain contract will be amortised over the contract period on a systematic basis.

Cost of fulfilling a contract

The Group capitalises the costs incurred in fulfilling a contract with a customer for which are not in the scope of other guidance and only if the fulfillment costs meet the following criteria:

- relate directly to an existing contract or specific anticipated contract;
- generate or enhance resources that will be used to satisfy performance obligations in the future; and
- are expected to be recovered.

The cost of fulfilling a contract will be amortised over the contract period on a systematic basis.

Contract Liabilities

The Group recognise a contract liability for the deferred revenue on the extended warranty provided for the customers.

The contract liability shall be realized to revenue on the basis of utilizing the warranty by the customers or on a systematic basis accordingly.

d) Performance Obligations and Revenue Recognition Policies

Revenue is measured based on the consideration specified in a contract with a customer. The Group recognizes revenue when it transfers control over a good or services to a contract.

The following table provides information about the nature and timing of the satisfaction of performance obligations in contracts with customers, including significant payment terms, and the related revenue recognition policies.

Type of Product	Nature and timing of performance obligations including significant payment terms	Revenue recognition
Sale of Agricultural products	<p>Company is in the business of cultivation, manufacturing and sale of Black Tea. Revenue from the contracts with customers recognized when control of the goods transferred to the customers at an amount that reflects the consideration to which the company expects to be entitled in exchange for the goods.</p> <p>Invoices are usually payable immediately or in advance not exceeding 20 days or on credit terms ranging from 7 to 15 days.</p>	<p>Revenue from the sale of plantation produce is recognized at the point in time when the control of the goods is transferred to the customer.</p> <p>Black Tea produce is sold at the Colombo tea auction and the highest bidder whose offer is acceptable shall be the buyer and the sale can be complete at the fall of hammer, at which point control is transferred to the customer.</p>
Supply of Electricity	<p>Supply of electricity to national grid. Invoices are generated at the end of each month as per the supply of Electricity to national grid.</p> <p>Invoices are usually payable within 2 months.</p>	<p>Revenue is recognized to the extent that is probable that the economic benefits will flow to the Company and the revenue associated costs incurred can be reliably measured at the fair value of the consideration or receivable net of trade discounts and sales taxes.</p>

Dividend Income

Dividend Income is recognised in the Statement of Profit or Loss on the date when the entities right to receive payment is established.

3.14.2 Other Sources of Revenue

Finance Income

Finance income comprises interest income on funds invested (including financial assets measured at FVOCI, gains on the disposal of Financial Assets measured at FVOCI and Fair Value Gains on Financial Assets at fair value through Profit or Loss. Interest income is recognised as it accrues in profit or loss, using the effective interest method).

Other Income - Other income recognised based on the actual basis.

Gains and losses of a revenue nature on the disposal of Property, Plant and Equipment and other non-current assets are recognised by comparing the net sales proceeds with the carrying amount of the corresponding asset and are recognised net within 'other income' in the Statement of Profit or Loss.

3.15 Expenses

All expenditure incurred in running the business and in maintaining the Property, Plant and Equipment in a state of efficiency has been charged to Statement of Profit or Loss and Other Comprehensive Income in arriving at the profit/(loss) for the year. Expenditure incurred for the purpose of acquiring and extending or improving assets of a permanent nature by means of which to carry on the business or for the purpose of increasing the earning capacity of the business has been treated as capital expenditure.

3.15.1 Finance Cost

Finance costs comprise of interest expense on borrowings, unwinding of the discount on provisions and losses on disposal of FVOCI financial assets, fair value losses on financial assets measured at fair value through profit or loss and impairment losses recognised on financial assets (other than trade receivables).

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying assets are recognised in profit or loss using the effective interest method.

Foreign currency gains and losses on Financial Assets and Financial Liabilities are reported on a net basis as either Finance Income or Finance Cost depending on whether foreign currency movements are in a net gain or net loss position.

3.16 Taxation

Income tax expense comprises of current and deferred tax. Income tax is recognised in the Statement of Profit or Loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

The Group has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore accounted for them under LKAS 37 Provisions, contingent liabilities and Contingent assets.

Current Tax

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted at the reporting date and any adjustment to tax payable in respect of previous years.

ACCOUNTING POLICIES

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates and tax laws enacted or substantively enacted at the reporting date in the countries where the Group operates and generates taxable income, and any adjustment to tax payable in respect of previous years. Current tax payable also includes any tax liability arising from the declaration of dividends.

Current income tax relating to items recognised directly in equity is recognized in equity and not in profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax

Deferred Tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

The following temporary differences are not provided for: goodwill not deductible for tax purposes. the initial recognition of assets or liabilities that affect neither accounting nor taxable profit, nor differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future.

The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the reporting date.

The principal temporary differences arise from depreciation on Property, Plant and Equipment; tax losses carried forward, impairment of trade and other receivables and provisions for defined benefit obligations. Deferred tax assets relating to the carry forward of unused tax losses are recognised to the extent that it is probable that future taxable profit will be available against which the unused tax losses can be utilised.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred Tax Assets are reviewed at reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred Tax Assets and Liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets and they relate to income taxes levied by the same tax authority on the same taxable entity or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

Additional income taxes that arise from the distribution of dividends are recognised at the same time as the liability to pay the related dividend is recognised.

3.17 Deferred Income – Grants and Subsidies

Grants are recognised where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income over the period necessary to match the grant on a systematic basis to the costs that it is intended to compensate. Where the grant relates to an asset, it is set up as deferred income. Where the Group receives non-monetary grants, the asset and that grant are recorded at nominal amounts and are released to the Statement of Profit or Loss over the expected useful life of the relevant asset by equal annual instalments.

3.18 Earnings per Share

The Group presents basic earnings/(loss) per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period.

3.19 Segmental Reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. All operating segments' operating results are reviewed regularly by the Group's CEO to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

3.20 Events Occurring After the Reporting Date

All material, events after the reporting date have been considered and where appropriate adjustments or disclosures have been made in respective notes to the Financial Statements.

3.21 Cash Flow Statement

The Cash Flow Statement has been prepared using 'indirect method'. Interests paid are classified as operating cash flows while dividends paid are classified as financing cash flows. Interest and dividends received are classified as investing cash flows for the purpose of presentation Statement of Cash Flow.

3.22 Comparative Figures

Where necessary, the comparative figures have been reclassified to conform to the current year's presentation.

3.23 Capital Commitments and Contingencies

Contingencies are possible assets or obligations that arise from a past event and would be confirmed only on the occurrence or non-occurrence of uncertain future events, which are beyond the Group's control. Contingent liabilities are disclosed in Note 34 to the Financial Statements. Commitments are disclosed in Note 33 to the Consolidated Financial Statements.

3.24 Related Party Transactions

Related Party Transaction disclosures have been made in respect of the transactions between parties who are defined as related parties as per LKAS 24 - Related Party Disclosure.

4. NEW/AMENDMENTS TO ACCOUNTING STANDARD ISSUED BUT NOT EFFECTIVE AS AT THE REPORTING DATE

The Institute of Chartered Accountants of Sri Lanka has issued following amendments to Sri Lanka Accounting Standards (SLFRSs/LKASs) which will become applicable for financial periods beginning after 1st April 2023. Accordingly, the Group has not applied these amendments in preparing these Consolidated Financial Statements.

The following amended standards and interpretations are not expected to have a significant impact on the Group's Financial Statements.

4.1 Classification of liabilities as current or non-current (amendments to LKAS 1)

The amendments, as issued on 2020, aim to clarify the requirements on determining whether a liability is current or non-current, and apply for annual reporting periods beginning on or after 1st January 2023. However, the IASB has subsequently proposed further amendments to LKAS 1 and the deferral of the effective date of the 2020 amendments to no earlier than 1st January 2024. Due to these ongoing developments, the Company is unable to determine the impact of these amendments on the financial statements in the period of initial application. The Company is closely monitoring the developments.

4.2 Deferred tax related to assets and liabilities arising from a single transaction (amendment to LKAS 12)

The amendments narrow the scope of the initial recognition exemption to exclude transaction that give rise to equal and offsetting temporary differences. For leases and decommissioning liabilities, the associated deferred tax asset and liabilities will need to be recognised from the beginning of the earliest comparative period presented, with any cumulative effect recognised as an adjustment to retained earnings or other component of equity of that date. For all other transactions, the amendments apply to transactions that occur after the beginning of the earliest period presented.

4.3 Disclosure of Accounting Policies (amendment to LKAS 1) SLFRS Practice Statement 2

Amendments to LKAS 1 - Presentation of Financial Statements; intends to help companies provide useful accounting policy disclosures. Key amendments to LKAS 1 includes requiring companies to disclose their material accounting policies rather than their significant accounting policies, clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed; and clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a Company's financial statements.

4.4 Definition of Accounting Estimates (amendments to SLFRS 8)

10.3. AGARAPATANA PLANTATIONS LIMITED - SUBSIDIARY

According to The Inland Revenue (Amendment) Bill, to amend the Inland Revenue Act, No. 24 of 2017, Agro Farming is exempt from income tax for a period of 5 years effective from 01 April 2019.

As per the concession given through the Inland Revenue (Amendment) Act No : 10 of 2021 for tea manufacturing, the company is entitled to a special tax concession of 25% on its profit from agro processing for the year ended 31st March 2023.

The Inland Revenue (Amendment) Act no 45 of 2022 was certified by the speaker on 19th December 2022. The Standard rate of Income tax has been increased to 30% from 24% w.e.f 1st October 2022. The increase in income tax rate to 30% in mid year has resulted in two tax rates being applicable for the year of assessment 22/23.

10.4. WAVERLY POWER (PRIVATE) LIMITED - SUBSIDIARY

According to the Inland Revenue (Amendment) Act No: 45 of 2022, the second half of the financial year is taxed at the rate of 30%. (2022: 14%)

10.5. LANKEM DEVELOPMENTS PLC - PARENT COMPANY

Based on the Inland Revenue Amendment Act No 45 of 2022, the Company is liable for income tax on its taxable profits at the rate of 30%. (2022 : 24%).

11. EARNINGS PER SHARE

11.1. Basic Earnings Per Share

Basic Earnings Per Share has been calculated based on the Profit for the Year attributable to Equity Shareholders of the Company After Tax divided by the Weighted Average Number of Ordinary Shares in issue as at the Reporting Date and is calculated as follows.

For the Year Ended 31st March	GROUP		COMPANY	
	2023	2022	2023	2022
Profit for the Year (Rs. 000)	1,681,228	34,515	767,057	99,925
Attributable to Non-Controlling Interest (Rs. 000)	(567,957)	(21,985)	-	-
Profit attributable to Owners of the Company (Rs. 000)	1,113,271	12,530	767,057	99,925
Weighted Average Number of Ordinary Shares (No.000)	120,000	120,000	120,000	120,000
Basic Earnings Per Share (Rs.)	9.28	0.10	6.39	0.83

11.2. Diluted Earnings Per Share

There were no dilution of ordinary shares outstanding at anytime during the Year. Therefore, diluted Earnings Per Share is same as basic earnings per share.

12. PROPERTY, PLANT & EQUIPMENT

12.1 GROUP

Total Depreciation	5,095	-	-	5,095
Net Carrying Value of Property, Plant & Equipment	22,400			22,400

The cost of Fully Depreciated Assets of the Company as at 31st March 2023 are as follows:

	2023 Rs. '000	2022 Rs. '000
Plant & Machinery	2,310	2,310
Motor Vehicles	72	72
Office Equipment	1,544	1,544
Other Equipment	651	651
Computer Equipment	15	15
Furniture & Fittings	503	503
	5,095	5,095

The Cost of Fully Depreciated Assets, but still in use of the Group amounts to Rs. 640 Mn (As at 31st March 2022 - Rs. 593 Mn)

12.3. The Portfolio of the Land of the Group is as follows:

Company Name	: Lankem Developments PLC
Location	: Maguruwila Road, Gonawala
Extent in Perches	: 85.75
Date of the Latest Valuation	: 31.03.2022
Name of the Valuer	: Mr. P.P.T. Mohideen
Market Value	: Rs. 22.4 million (31st March 2022)

12.4. REVALUATION OF LAND

The Company has revalued its Lands as at 31st March 2022. The Fair Value of the Land was determined by Mr. P.P.T.Mohideen (Incorporated Valuer), an external independent property valuer, having appropriate recognised professional qualifications and experience in the category of the property being valued.

12.5. Fair Value Hierarchy

Fair Value measurement of the Land has been categorised under Level 3 in the Fair Value Hierarchy based on the valuation techniques used.

Address of the Property	Extent of the Land	Significant Unobservable Inputs/Market Price Per Perch Rs.'000	Carrying value as at the date of Valuation Rs.'000	Revalued Amount Rs.'000	Net Gain on Revaluation Rs.'000	Valuation Method	Interrelationship between Key Unobservable Inputs and Fair Value
Maguruwila Road, Gonawala	85.75 perches	300	19,809	22,400	2,591	Market comparable method	Positive correlated sensitivity

11 perches falling within in the high tension wire, are valued at Zero.

Market Comparable Method

This method considers the selling prices of a similar properties in terms of size, nature, location and condition. (Excluding any outlier transactions) within a reasonably recent period of time in determining the fair value of the property being revalued.

NOTES TO THE FINANCIAL STATEMENTS

12.6. Sensitivity Analysis

Possible changes at the Reporting Date to one of the significant unobservable inputs, holding the other inputs constant, would have the following impacts

As at 31st March 2023	Other comprehensive Income, net of tax	
	Increase Rs.'000	Decrease Rs.'000
Market Price Per Perch (10% Movement)	2,240	2,240

12.7 If Lands were stated at Deemed Cost, the Amounts would have been as follows

	2023 Rs.'000	2022 Rs.'000
Land	6,950	6,950

13. BEARER BIOLOGICAL ASSETS

Group As at 31st March	Immature Plantations Rs. '000	Mature Plantations Rs. '000	Total as at 31.03.2023 Rs. '000	Total as at 31.03.2022 Rs. '000
Cost				
Balance at the Beginning of the Year	404,088	2,297,324	2,701,412	2,642,074
Additions During the Year	81,130	29,402	110,532	59,338
Transfer In / (Out)	(29,402)	-	(29,402)	-
Balance at the End of the Year	455,816	2,326,726	2,782,542	2,701,412
Depreciation				
Balance at the Beginning of the Year	-	475,901	475,901	406,544
Charge for the Year	-	69,712	69,712	69,357
Balance at the End of the Year	-	545,613	545,613	475,901
Carrying Value at the End of the Year	455,816	1,781,113	2,236,929	2,225,511

13.1. Agarapatana Plantation Limited

These are investments in immature/mature plantations since the formation of the Company. The assets (including plantation assets) taken over by way of estate leases are set out in Notes 15. Further investment in immature plantations taken over by way of these leases are shown in the above notes. When such plantations become mature, the additional investments since taken over to bring them to maturity are transferred from immature to mature under this note.

The Bearer Biological Assets are measured at cost less accumulated depreciations and accumulated impairment losses, if any, in terms of LKAS 16 - "Property Plant and Equipment"

Borrowing costs amounting to Rs. 53.7 Mn (2021/22 – Rs. 23.1 Mn) incurred on long term loans obtained to meet expenses relating to immature plantations have been capitalised as part of the cost of the immature plantations. Capitalisation will cease when crops are ready for harvest.

14. CONSUMABLE BIOLOGICAL ASSETS

As at 31st March	Group	
	2023 Rs. '000	2022 Rs. '000
Balance at the Beginning of the Year	1,439,365	1,289,676
Decrease due to Harvesting	(13,475)	(14,025)
Increased due to New Planting	3,615	7,593
Gain Arising from Changes in Fair Value for the Year	103,408	156,121
Balance at the End of the Year	1,532,913	1,439,365

Managed timber plantation were measured at fair and corresponding gains/losses are recognised in the statement of profit and loss each year.

Managed trees include commercial timber plantations cultivated on estates. The cost of immature trees is treated at approximate to fair value particularly on the ground of little biological transformation has taken place and impact of the biological transformation on price is not material.

The fair value of managed trees was ascertained by the independent, incorporated valuer Mr. A. A. M Fathihu, FIV for the current year in accordance with LKAS. 41, "Agriculture" using discounted cash flows (DCF) method.

A risk adjusted discount rates per annum set out in below table in real terms excluding the effect of inflation have been used in determining the present value of estimated future cash flows as at 31st March 2023. The Fair value of consumable biological assets has been classified as level 3 in terms of the fair value hierarchy.

Valuation Techniques and Significant Unobservable Inputs

Following table shows the valuation techniques in measuring Level 3 fair value of consumable biological assets as well as the significant unobservable inputs used,

1. The harvesting is approved by the PMMD and Forest Department based on the forestry development plan
2. The price adopted are net of expenditure
3. Discount rate is considered as per below table
4. Though the replanting is a condition precedent for harvesting, yet the cost are not taken in to consideration.

Assets	Valuation Technique	Unobservable Inputs	Range of Unobservable Inputs (Probability weighted Average)	Relation of Unobservable Input to Fair Value	
Consumable Biological Assets	Discounted Cash Flow Method	Discounted Rate	Age to harvest 5 years or Below- 21.5% (2022 - 18%)	The higher the discount rate, the lesser the fair value	
			Age to harvest 6 to 15 years- 22.5% (2022 - 19%)		
			Age to harvest 15 years or Above - 23.5% (2022 - 20%)		
		Optimum Rotation (Maturity)	25 years (2022: 25 years)		Lower the rotation period, the higher the fair value
		Volume at Rotation	19.4 -88.5 cu.ft.(2022:19.4 -88.5 cu.ft.)		The higher the volume, the higher the fair value
		Price per cu.ft.	Rs. 390/= to Rs. 1,231/= ((Rs. 358 to Rs. 1,161/-)	The higher the price per cu.ft the higher the fair value	

NOTES TO THE FINANCIAL STATEMENTS

The valuations, as presented in the external valuation models based on net present values, take into account the long term exploitation of the timber plantations. Because of the inherent uncertainty associated with the valuation at fair value of the biological assets due to the volatility of the variables, their carrying value may differ from their realisable value. The Board of Directors retains their view that commodity markets are inherently volatile and that long term price projections are highly unpredictable. Hence, the sensitivity analysis regarding selling price and discount rate variations as included in this note allows every investor to reasonably challenge the financial impact of the assumptions used in the LKAS 41 against his own assumptions.

The biological assets of Agarapatana Plantations Limited are mainly cultivated in leased lands. When measuring the fair value of the biological assets it was assumed that these concessions can and will be renewed at normal circumstances. Timber content expects to realise in the future, included in the calculation of the fair value and takes into account the age of the timber plants and not the expiration date of the lease.

Agarapatana Plantations Limited is exposed to the following risks relating to its timber plantation.

(a) Regulatory and Environmental Risks

The Company is subject to laws and regulations in Sri Lanka. The Company has established environmental policies and procedures aimed at compliance with local environmental and other laws. Management performs regular reviews to identify environmental risks and to ensure that the systems in place are adequate to manage those risks.

(b) Supply and Demand Risks

The Company is exposed to risks arising from fluctuations in the price and sales volume of timber. When possible the Company manages this risk by aligning its harvest volume to market supply and demand. Management performs regular industry trend analyses to ensure that the Company's pricing structure is in line with the market and to ensure that projected harvest volumes are consistent with the expected demand.

(c) Climate and Other Risks

The Company's timber plantations are exposed to the risk of damage from climatic changes, diseases, forest fires and other natural forces. The Company has extensive processes in place aimed at monitoring and mitigating those risks, including regular forest health inspections and industry pest and disease surveys.

14.1. Sensitivity Analysis

Sensitivity Variation Sales Price

Values as appearing in the Statement of Financial Position are very sensitive to price changes with regard to the average sales prices applied. Simulations made for timber show that a rise or decrease by 10% of the estimated future selling price has the following effect on the Net Present Value of Biological Assets:

As at 31st March 2023	Group	
	Rs. '000 -10%	Rs. '000 +10%
Managed Timber	(153,439)	153,439
Total	(153,439)	153,439

Sensitivity Variation Discount Rate

Values as appearing in the Statement of Financial Position are very sensitive to changes of the discount rate applied. Simulations made for timber trees show that a rise or decrease by 1% of the estimated future discount rate has the following effect on the Net Present Value of Biological Assets:

As at 31st March 2023	Group	
	Rs. '000 -1%	Rs. '000 +1%
Managed Timber	30,387	(29,278)
Total	30,387	(29,278)

14.2 Produce on Bearer Biological Assets

	Group	
	2023 Rs. '000	2022 Rs. '000
Balance at the Beginning of the Year	10,852	8,856
Change in Fair Value Less Cost to Sell	12,413	1,996
Balance at the End of the Year	23,265	10,852

No Biological Assets are pledged as securities for liabilities as at 31st March 2023 (2022 - Nil). There are no commitments for the development or acquisition of Biological Assets.

14.3 Change in Fair Value of Biological Assets

As at 31st March 2023	Group	
	2023 Rs. '000	2022 Rs. '000
Consumable Biological Assets - Gain arising from Changes in Fair Value Less Cost to Sell	103,408	156,121
Produce on Bearer Biological Assets - Gain arising from Changes in Fair Value Less Cost to Sell	12,413	1,996
	115,821	158,117

15. RIGHT- OF -USE ASSETS

As at 31st March	Note	Group	
		2023 Rs. '000	2022 Rs. '000
Lands (JEDB/SLSPC)	15.1	143,075	149,578

28.1. Agarapatana Plantations Ltd

Agarapatana Plantations Ltd., has received funding from the Plantation Housing and Social Welfare Trust, Asian Development Bank, Plantation Reform Project and Ministry of Livestock Development for the development of worker welfare facilities such as re-roofing of line rooms, latrines, water supply and sanitation etc. The funds received from Sri Lanka Tea Board are utilised for Tea Replanting. The amounts spent are included under the relevant classification of Property, Plant and Equipment and the Grant Component is reflected under Deferred Income.

29. DEFERRED TAX LIABILITIES/ (ASSETS)

As at 31st March	GROUP		COMPANY	
	2023 Rs. '000	2022 Rs. '000	2023 Rs. '000	2022 Rs. '000
Balance at the Beginning of the Year	67,418	(8,792)	3,708	3,086
Charged to the Income Statement	604,166	14,690	-	-
Charged / (Reversed) to the Other Comprehensive Income	(33,552)	61,520	927	622
Balance at the End of the Year	638,032	67,418	4,635	3,708

The Deferred Tax Liability is arrived at by applying the effective Income Tax rate of 30% for the Group applicable for the year of assessment 2022/23 to the temporary difference as at 31st March 2023 (2021/22 : Tax rates used by Company was 24%. Waverly Power (Private) Limited was 14% and Agarapatana Plantations Limited was 10.5%)

29.1. Amount Charged / (Reversed) to the Income Statement

	GROUP		COMPANY	
	2023 Rs. '000	2022 Rs. '000	2023 Rs. '000	2021 Rs. '000
Due to change in the effective tax rate	17,157	-	-	-
Due to change in the temporary difference	587,009	14,690	-	-
	604,166	14,690	-	-

29.2. Amount Charged / (Reversed) to the Other Comprehensive Income

	GROUP		COMPANY	
	2023 Rs. '000	2022 Rs. '000	2023 Rs. '000	2022 Rs. '000
Due to change in the effective tax rate	927	-	927	-
Due to change in the temporary difference	(34,479)	61,520	-	622
	(33,552)	61,520	927	622

29.3. Group

The Group recognized deferred tax liabilities attributable to below temporary differences.

	2023		2022	
	(Taxable)/ Deductible Temporary Difference	Tax Effect	(Taxable)/ Deductible Temporary Difference	Tax Effect
	Rs. '000	Rs. '000	Rs. '000	Rs. '000
Property, Plant and Equipment	(858,125)	(257,438)	(431,235)	(14,549)
Revaluation Reserve	(15,450)	(4,635)	(15,450)	(3,708)
Right of Use Assets	(142,681)	(42,804)	(142,609)	(14,973)
Biological Assets	(3,495,130)	(1,075,478)	(3,326,160)	(349,247)
Retirement Benefit Obligation	1,077,645	323,294	971,661	102,024
Lease Liability	117	35	111	12
Accumulated Tax Losses	1,405,592	418,994	2,028,794	213,023
	(2,028,032)	(638,032)	(914,888)	(67,418)

The deferred tax asset arising from accumulated tax losses carried forward was recognised up to the extent of expected future taxable profits. The Group has considered the expected level of future business operations along with the implementation of strategic plans of Group.

29.4. Company

The recognized deferred tax liability of the company is attributable to the following temporary difference.

	2023		2022	
	Taxable Temporary Difference	Tax Effect	Taxable Temporary Difference	Tax Effect
	Rs. '000	Rs. '000	Rs. '000	Rs. '000
Revaluation Reserve	(15,450)	(4,635)	(15,450)	(3,708)
	(15,450)	(4,635)	(15,450)	(3,708)

The Company/Group has not recognized deferred tax assets attributable to the following tax losses, since it is not probable that future taxable profits will be available against which these tax losses can be claimed.

	2023		2022	
	Deductible Temporary Difference	Tax Effect	Deductible Temporary Difference	Tax Effect
	Rs. '000	Rs. '000	Rs. '000	Rs. '000

Interest Cost	169,488	116,820	-	-
Benefits Paid	(291,593)	(25,190)	-	-
Actuarial Loss/(Gain)	123,876	(579,982)	-	-
Present value of Defined Benefit Obligations	1,198,673	1,129,917	-	-

NOTES TO THE FINANCIAL STATEMENTS

30.1. Agarapatana Plantations Limited

The retirement benefit obligation for all workers and staff is on an actuarial basis, using the projected unit credit (PUC) method as recommended by LKAS 19. The full actuarial valuation was carried out by a professionally qualified actuary firm Messrs Actuarial & Management Consultants (Pvt) Ltd as at 31st March 2023. Assumptions used for the actuarial valuation are given as below.

	Notes	2023	2022
Discount Rate		18.5%	15%
Rate of Salary Increment - Worker's		10%	8.00%
		Per Annum	Per Annum
Rate of Salary Increment - Staff		25% + 5%	10%
		Once in 3 Years	Per Annum
Staff Turnover Rate		10%	10%
Retirement age - Workers and Staff		60	60
Sensitivity Analysis			
Value appearing in the Financial Statement are very sensitive to the changes of financial assumptions used. A sensitivity was carried out as follows:			
A one percentage point change in the discount rate	1%	0%	-1%
As at 31st March 2023	(67,674)	1,198,673	84,303
A one percentage point change in the salary increment rate.	1%	0%	-1%
As at 31st March 2023	84,357	1,198,673	(84,472)

The weighted average duration of the Defined Benefit Plan obligation at the end of the reporting period is 6.4 years and 7.0 years for staff and workers respectively.

30.2. Expenses Recognised in the Income Statement

As at 31st March	GROUP		COMPANY	
	2023 Rs. '000	2022 Rs. '000	2023 Rs. '000	2022 Rs. '000
Current Service Cost	66,985	60,672	-	-
Interest on Obligation	169,488	116,820	-	-
Provision for the Year	236,473	177,492	-	-

The Group has considered the impact on the defined benefit obligations due to changes in economic factors as a result of the prevailing macroeconomic conditions, with support of the independent actuarial expert. As per the guidelines issued by the Institute of Chartered Accountants of Sri Lanka, the discount rates have been adjusted to convert the coupon bearing yield to a zero coupon yield to match the characteristics of the gratuity payment liability and the resulting yield to maturity for the purpose of valuing employee benefit obligations as per LKAS 19. Further, the salary increment rate of 10% is considered appropriate to be in line with the Group's targeted future salary increments when taking into account the current market conditions and inflation rate. Due to the discount rate and salary increment rate assumptions used, nature of non-financial assumptions and experience of the assumptions of the Company, there is no significant impact to employment benefit liability as a result of prevailing macro-economic conditions.

The following payments are expected from defined benefit obligation in future years:

As at 31st March	GROUP	
	2023 Rs. '000	2022 Rs. '000
Within Next 12 Months	177,983	159,346

32.5. Terms and Conditions of Transactions with Related Parties

Transactions with related parties are carried out in the ordinary course of the business at commercial rates. Outstanding balances at year end clarified an amounts due to/from related parties are unsecured and no interest was charged during the year. Interest on balances transferred to loans from/to related parties are charged at the market rate.

32.6. Transactions with Key Management Personnel

According to Sri Lanka Accounting Standard 24 - Related Party Disclosures, Key Management Personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity. Accordingly, Key Management Personnel include the members of the Board of Directors of Lankem Developments PLC and its subsidiary companies.

32.6.1. Loans to Key Management Personnel

No loans have been given to Key Management Personnel during the year.

32.6.2. Key Management Personnel Compensation

Details of compensation for Executive and Non - Executive Directors are disclosed below.

As at 31 st March	GROUP		COMPANY	
	2023 Rs. '000	2022 Rs. '000	2023 Rs. '000	2022 Rs. '000
Short - Term Employee Benefits	27,369	21,789	-	-

32.6.3. Transactions with Close Family Members

There were no transactions with close family member during the year.

33. CAPITAL AND FINANCIAL COMMITMENTS.

33.1. Company

The Company had no material capital or financial commitments as at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

33.2. Group

33.2.1.1. Agarapatana Plantations Limited

The following are the capital commitments approved as at the reporting date.

	2023 Rs.Mn	2022 Rs.Mn
Field Development	112.9	86.3
Machinery & Factory Development	214.4	151.0

34. CONTINGENT LIABILITIES

34.1. Company

The company has issued a corporate guarantee amounting to Rs. 160 Mn to Indian Bank- Colombo 01 on behalf of Agarapatana Plantations limited.

34.2. Group - Agarapatana Plantations Limited (“APL”)

There are no material contingent liabilities outstanding as at the reporting date which require adjustments / disclosure in the Financial Statements.

35. GOING CONCERN

The Company's current liabilities exceeds its current assets by Rs.598 Mn. Its accumulated losses as of 31st March 2023 was Rs. 14 Mn (2022: Rs. 780.9 Mn). This factor raised concerns over the appropriateness of the use of going concern assumption of the preparation of financial statements of the Company. However, the Board of Directors of the Company has determined that the use of going concern assumption in the preparation of financial statements of the Company for the year ended 31st March 2023 is appropriate based on the following factors.

As disclosed in Note 1.2 to the financial statements, the Company's principal operation is to manage its investments portfolio. Carrying amount of the investment in Agarapatana Plantations Limited (“APL”) represents approximately 95% of the carrying value of the Company's investment in subsidiaries. The Company has recognized a reversal of Rs.688 Mn (2022: Rs 139.4 Mn) on the impairment of its investment in APL for the year ended 31st March 2023.

The management of APL has taken several steps to improve its profitability which comprises of investment initiatives on mechanization relating to plucking process to overcome the issue of worker shortage and proper application of agricultural inputs. Actions taken by the management of APL together with the positive market conditions have already resulted in a substantial improvement in the operational results of APL for the year ended 31st March 2023.

Additionally, Ultimate parent company acknowledges that there are no current plans for the payables to be called for a minimum period of 12 months from the date of signing the financial statements for the year ended 31st March 2023. However, should they be called within the 12 months period referred to above, payments will only be required to the extent that they do not impact the Company's ability to meet its financial obligations as and when they fall due and payable.

The Board has already negotiated with related parties to whom the Company has short term payable balances with regard to the settlement of them in a manner that would not affect the liquidity situation of the Company.

36. EVENTS OCCURRING AFTER THE REPORTING DATE

The Initial Public Offering of Agarapatana Plantations Ltd.(APL) for 83,070,111 Ordinary Voting Shares at Rs. 9/- per share opened on 10th August, 2023 and the Issue having been oversubscribed and closed on the same day. APL shares are to be listed on the Diri Savi Board of the Colombo Stock Exchange (CSE) on having complied with the requirements set out under the CSE Listing Rules.

37. FINANCIAL RISK MANAGEMENT AND FAIR VALUE MEASUREMENT

Financial Risk Management - Overview

The Group has exposure to the following risk arising from financial instruments:

- Credit risk
- Market Risk
- Liquidity Risk

This note presents information about the Group's exposure to each of the above risks, the Company's supervision, policies and processes for measuring risk, and the company's management of capital.

Risk Management Framework

The Company's Board of Directors has overall responsibility of the establishment and oversight of the Group's risk management Framework. They are responsible for the developing and monitoring the Group's risk management policies and reports regularly to the Board of Directors on its activities

The Group's risk management Policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect the changes in market conditions and the Group's activities. The Group through its training and management standards and procedures aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Audit Committee of Lankem Developments PLC, Oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group.

37.1. Credit risk

Credit risk is the risk of financial loss to the Group, if a customer or counter-party to a financial instrument fails to meet its contractual obligation, and arises principally from the Group's receivables from customers, amounts due from related companies placements with banking instruments and in government securities.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

	607,523	607,523	607,523	-	732,331	732,331	732,331	-

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

37.4. Market Risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates affecting the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimizing the return.

37.4.1. Currency Risk

Foreign currency risk is that the fair value or future cash flows of a financial instrument fluctuating, due to change in foreign exchange rates.

Exposure to Currency Risk

At the reporting date the Group / Company has not been exposed to Currency Risk.

37.4.2. Interest Rate Risk

At the reporting date, the interest rate profit of the Company's interest bearing financial instruments was as follows;

	Group		Company	
	2023 Rs. '000	2022 Rs. '000	2023 Rs. '000	2022 Rs. '000
Fixed Rate Instruments				
Financial Assets	41,138	45,567	-	-
	41,138	45,567	-	-
Variable rate instruments				
Financial Assets	-	396,440	-	10,600
Financial Liabilities	1,551,912	1,908,956	453,423	600,726
	1,551,912	2,305,396	453,423	611,326

Sensitivity Analysis

The following table demonstrate the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, of the profit before tax. A reasonably possible of +/- 0.1% is used, consistent with current trends in interest rates.

	+0.1% (10 Basis Points) Impact on Profit Rs. '000	-0.1% (10 Basis Points) Impact on Profit Rs. '000	+0.1% (10 Basis Points) Impact on Profit Rs. '000	-0.1% (10 Basis Points) Impact on Profit Rs. '000
31st March 2023				
Sensitivity to 100 bp - Effect	1,552	(1,552)	443	(443)
31st March 2022				
Sensitivity to 100 bp - Effect	(12,100)	12,100	(4,721)	(4,721)

37.5. Fair Value Hierarchy

The table below analyses Financial Instruments carried at fair value by valuation method. Fair value disclosures are given below:

The different levels have been defined as follows:

Level 1 : Quoted market price (unadjusted) in active markets for an identical instrument

Level 2 : Valuation techniques based on observable inputs either directly - i.e as prices or indirectly - i.e. derived from prices. This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or the valuation techniques where all significant inputs are directly or indirectly observable from market data.

Level 3 : Valuation techniques using significant unobservable inputs. This category includes all instruments where the valuation techniques includes inputs not based on observable date and the unobservable inputs have a significant effect on the instrument's valuation. This category includes instruments that are valued based on quoted prices for similar instruments where significant unobservable adjustments or assumptions are required to reflect differences between the instruments.

NOTES TO THE FINANCIAL STATEMENTS

38. CAPITAL MANAGEMENT

The primary objective of the Group's capital management is to ensure that it maintains a strong financial position and healthy capital ratios in order to support its business and maximize shareholder value.

The Group manages its capital structure and make adjustments to it in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may or may not make dividend payments to shareholders, return capital to shareholders or issue new shares or other instruments.

Consistent with others in the industry, the Company monitors capital on the basis of the gearing ratio. This ratio is calculated as total borrowings by total equity. Total borrowings including non-current and current borrowings as shown in the statements of financial position. Total equity is calculated as 'Total equity' in the statements of financial position.

The Company's Debt to Equity ratio at the end of the reporting periods is as follows:

As at 31st March	GROUP		Company	
	2023 Rs.'000	2022 Rs.'000	2023 Rs.'000	2022 Rs.'000
Total Liabilities	5,080,950	5,746,380	612,158	736,039
Less: Cash and cash equivalents	(84,549)	(93,414)	(17)	(17)
